

Bondholders Ask for \$100,000 — Thal Says 'No'

Want village to replace reductions given land owners

The \$135,000 that the Sunswick Corporation claims is owing to them from the village of Arlington Heights, comprises principal of \$73,000 and interest and penalties of \$74,000. Part of that amount, \$9,000, represents reductions to property owners illegally given by the village, claims Attorney Markman.

Auto accident causes death of young bride

Mrs. Irwin Weidner, a bride of six months, died in the Palatine Community hospital Sunday morning, a few hours after an auto accident that occurred at 1:30 in front of her home. Also injured in the accident was Mrs. Leona Hupp, sister of Mr. Weidner who was driving the car. He escaped with minor bruises.

The three had been attending a wedding at Buffalo Grove and were on their way home when the right front wheel got off the pavement. The car skidded across the road into a ditch and dropped 15 feet to the bank of a small creek 75 ft. distant. The passengers in the car were thrown against the windshield and car dash. Mrs. Weidner was injured in the head and limbs. Mrs. Hupp is still unconscious in the hospital.

An inquest was held at Lauterburg & Oehler, Arlington Heights Monday morning when a verdict of accidental death was given.

The funeral was held Wednesday morning at St. Mary's Catholic church, Buffalo Grove. The deceased was attired in her wedding dress and wore her wedding ring.

Those remaining are her husband, her parents, Mr. and Mrs. Otto Obenauf, five sisters, Mrs. Lloyd Gratz, Rosalie, Frances, Virginia, Theresa, four brothers, John, Lawrence, Edwin and Alloysius.

Eleanor Obenauf was born in Elia Township March 16, 1923. She married Irwin Weidner November 23, 1946.

Seek helpers for recreational program at Arlington Heights

Many positions are open at the Arlington Heights swimming pool for the summer and as aids in the summer recreational program. Youth director Vokac and his aids have set their sights high in supplying youngsters of Arlington with a full time play program for summer months, but additional help is needed.

It is planned to have one or two young men working along under the supervision of the instructor, and helping in guiding, instructing and controlling the various age groups.

The girls program is to be supplemented with the help of 2 or 3 girl counselors to take group control of the little, and under school age children, and to handle handi-craft 2 m'nings a week.

The afternoon program at the pool will require conscientious and reliable life guards to protect against any possibility of injury or drowning.

In order to select capable and sincere people to help at the park this year a personal interview will be held at the park field house Saturday, June 7, at 10:00 o'clock in the morning.

All those interested in working 3 days a week or working as life guards be sure to be at the park field house.

Arlington stores open Wednesday

Because of Memorial Day holiday Friday, most Arlington Heights stores will be open Wednesday afternoon of this week, to enable shoppers to accomplish all of their pre-holiday shopping.

Final notice to dog owners in Arlington Heights

Dog owners have until June 1, 1947, to purchase the license. The cost is \$2.00 each for any and all dogs and may be purchased in the Village office, 107 West Davis St., during regular business hours.

Beginning June 2, 1947, Arlington Heights police will make a canvass and those who have neglected to purchase their dog or vehicle licenses will receive a court summons.

Chief C. H. Skoog.

Protracted hearings have been held on the case several years. The misapplication of funds claimed by the bond holders occurred prior to 1932 and Mr. Markman stated was based on rule of law, not willful misappropriation of funds. Largest property owner

The attorney stated that he was talking as a property owner — the largest property owner in the village; owner of 400 lots and paying taxes on every one of them. He stated further that he had not acquired a single piece of property by foreclosure.

Mr. Markman outlined the situation facing owners of large tracts of land until he had made settlements with them and property had again been placed back on the tax books by the foreclosure method. Settlements totaling between \$500,000 and \$600,000 had been made with property owners. Owners of larger tracts of land found themselves in a very precarious position. Taxes due on many large pieces were so high that their collection would have meant confiscation; because the delinquent taxes exceeded the land values as much as four times. In one settlement made by Markman with an owner of 120 acres, the owner received \$8,000.

In defending low bids made on foreclosure suits it should be remembered, stated the attorney, that in every case six years taxes in full, including penalties are paid. Markman gave an estimate of a half million dollars as the loss that his company had sustained up to the present time.

In subsequent discussion Mr. Markman stated that his group had sold large blocks to developers on which homes are to be built. He estimated that the Trude Development would reach a million dollars.

Mr. Markman warned the village that if no settlement is made and the case is carried to the supreme court, the additional cost would be at least \$14,000, making the total judgment over \$150,000. He claimed further that his firm were specialists in such matters and Supreme court decisions had upheld his contentions in a number of similar cases.

Mr. Markman is optimistic about the future of Arlington Heights. He thinks that due to his activity in cleaning up the big sewer assessment the assessed valuation has been increased by 1½ million dollars. He stated that settlements are pending on a great many large tracts on which homes will be ultimately built. A practically every lot. In reviewing past activities of his group he stated that 184 lots had been cleaned up with Tackett organization; 400 lots in Arlington Ridge. In Arlington Manor 250 lots are back on tax books and estimates are now being secured for sewer, water and streets. Ten foundations are in place in Eastwood. The attorney sees a population increase of 5,000 inside of five years. If the speedway to Douglas airport is constructed.

The state legislature is expected to pass a new law soon that will force the states attorney to foreclose of special assessments that have been delinquent over 10 years. Municipal authorities will have no control over them. Markman thinks that local foreclosures under present plan are to be preferred than under force sales.

Arlington Heights new naval reserve campaign organized

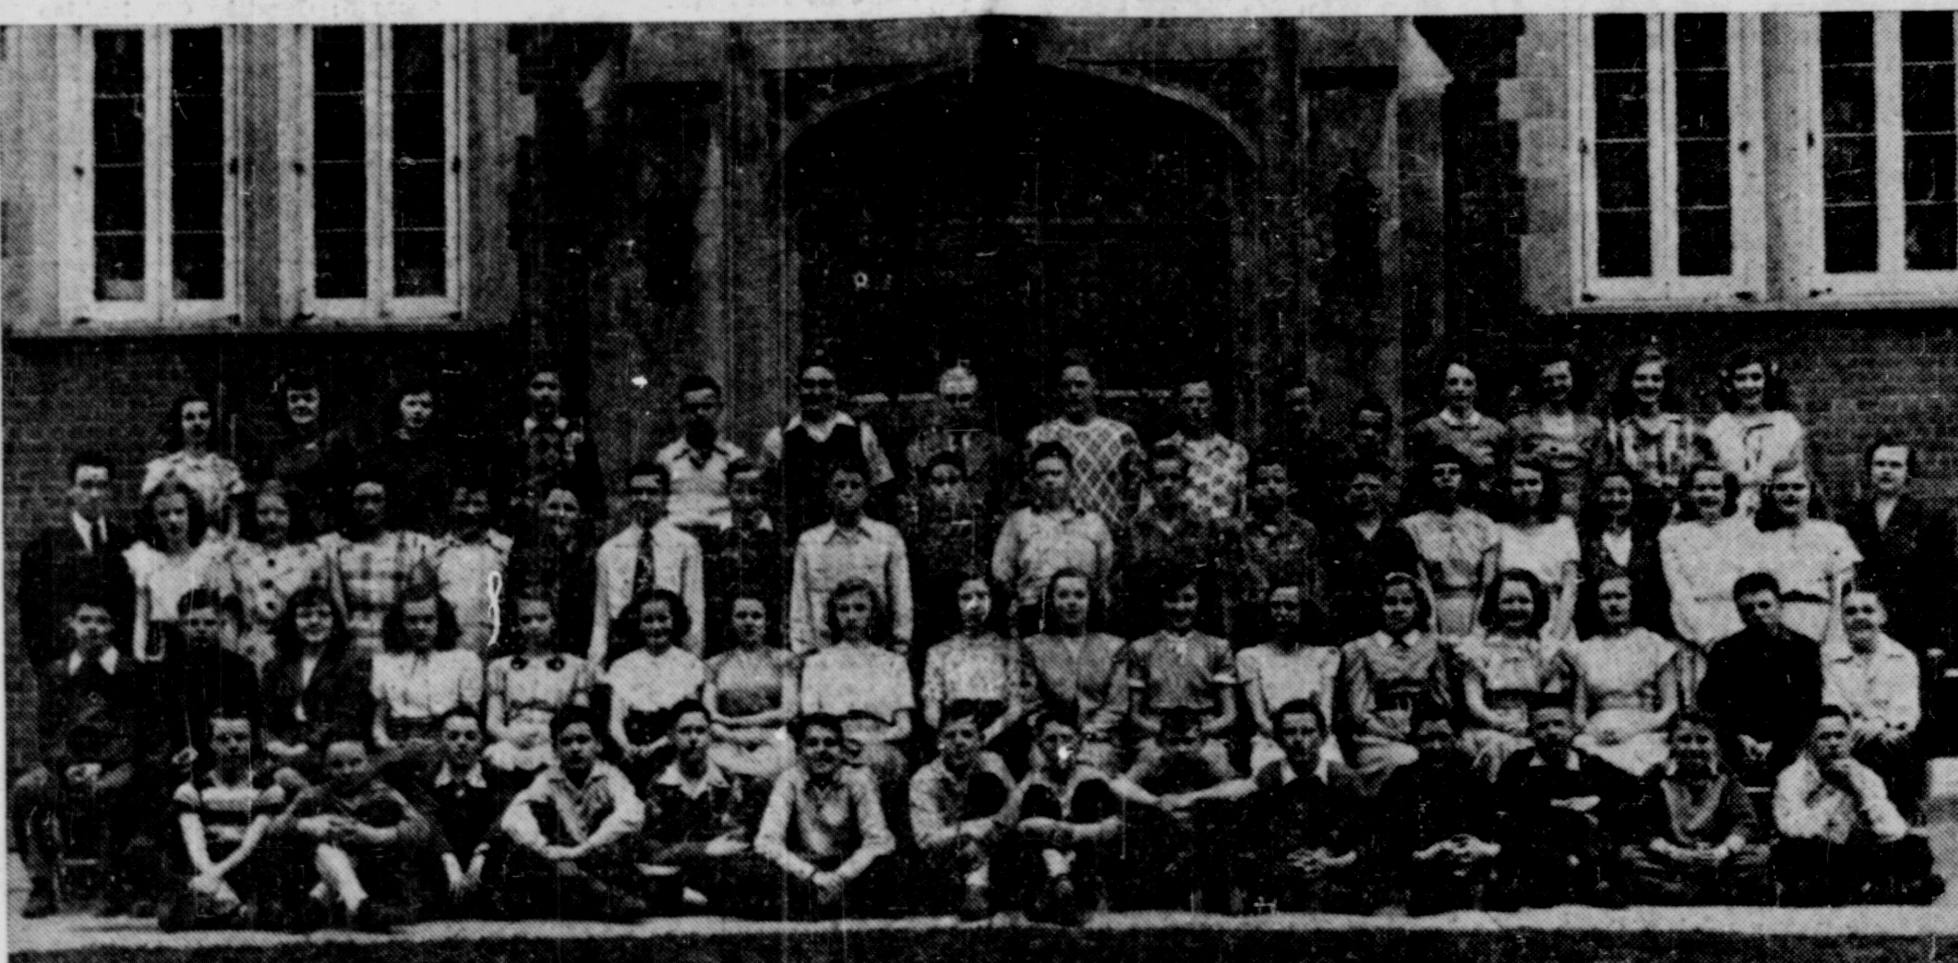

Mayor Albert W. Goedke, honorary chairman of the campaign for membership in the new Naval Reserve has appointed Forrest Davis, chairman; S. Gresham, and Joseph Wisersky, co-chairmen.

An application form is printed on page two of this week's edition. There are many advantages and opportunities. Anyone interested is urged to mail their application to the U. S. Navy Recruiting Station, 321 Plymouth Court, Chicago. It is not an enlistment contract and you may resign at any time.

Men will not be required to train or attend meetings unless they request and can qualify. They will not be placed on active duty against their will unless in a national emergency. Men will not be kept in the Naval Reserve if they want to resign.

A Navy representative will call on all applicants to officially sign up all members who make application. Use the application in this week's paper on page three.

Arlington draft board granted its discharge

The files of Selective Service Board No. 1 of Cook County are in storage. The "life history" of 9,073 men registered in this area are included in steel drawers that have now been sealed. A voluminous amount of letters and other records have been destroyed on orders from headquarters. The real story of the selective service board activities will never be publicly known, as its work was top secret during the war.

The Selective Service board was able to operate by the sacrifices made by a group of men and women who did not receive one cent for their services. They gave not only their time but often were severely criticized by some who could not understand why one young man was called and another was kept at home.

Paddock Publications has been waiting patiently a long time for figures showing the total number of men from this area who were inducted, how many discharged and for a story about the board's activities. With the end of the Selective Service and release of its members from stringent censorship an interview with a board member was obtained last week.

The board member gave no names, but he did tell a few of the experiences of board members.

The men officially classed as "uncompensated" who organized the board, conducted the registrations and repeatedly scanned the selective service roll were given greater power than the average citizen supposed.

The rules and regulations were the "bible" of the board. Those rules were repeatedly changed but every case that came before the board was judged on its merits and the rules then in force. The rules of one day might place a man in the 4F, the next morning's bulletin might place him in 1A. That was the situation that board members were continually facing.

Cook County Selective Service Board got off to a good start chiefly because of the interest of Col. Kleber of the state board whose attention was directed to this board when the Palatine registration was lost. Col. Armstrong and Col. Kleber both came to Palatine and personally directed the re-registration. They had a warm spot in their hearts ever since then and members of Cook County Board No. 1 felt free to call upon them at all times.

The board prides itself that no local man was illegally inducted by them. Special individual hearings were given when ever requested and as often as asked.

During the early days when dependency was granted by the government, it was just as important for the board to decide that a man was needed at home as it was to decide that he should be called. Often the nature of the dependency was not known by the public. Whether or not existing dependency was valid was not up to the board members; they followed the specific regulation covering such a case.

Bulletins arrived almost daily. It was necessary to read them before every board session in order that any new regulations could be noted. Often the work of many weeks of classification

World War inductees number 2,181

Two thousand one hundred and eighty-one men were inducted during World War II from Cook County Selective Service district, the headquarters of which was at Arlington Heights. The registration figures are:

Total registrants of military age 6260

Total registrants over 45 (occupational) 2805

Grand total 9073

Inducted (registrants of this board) 2181

*Discharged registrants 1708

*Does not include those in reserve.

Many are out of service who are not registered anywhere and many out of service who are not officially discharged.

Dates of Registrations

No. 1—Oct. 16, 1940—original.

No. 2—July 1, 1941—21 years.

No. 3—Feb. 16, 1942—(over 38 years).

No. 4—Apr. 16, 1942—(over 45 years).

No. 5—June 27, 1942 (over 18 years).

No. 6—Continuance (on attaining 18 years).

Arlington Heights Memorial Day parade and program

The service men's organizations of Arlington Heights have planned a parade and program for Memorial Day, Friday, May 30. The parade starts at 9:30 from Recreation park and the program at Memorial park, Fireman and Chestnut ave., will begin at 9:45 a. m.

Guest speaker, Howard W. West of Chicago will deliver the address of the day. Mr. West is vice commander of Advertising Men's American Legion Post No. 38 and served in the Military Intelligence during World War II.

Parade Marshal, Wm. H. Garmann announces the line of march as follows and invites the community to participate in the program: police escort and staff cars, Merle Guild Post 203 and their ladies auxiliary, Arlington Post No. 981, Veterans of Foreign Wars and their ladies auxiliary, Arlington Heights Fire department and their ladies auxiliary, Arlington Heights Lions Club, cub scouts, boy scouts, girl scouts, brownies, blue birds, school children and any others wishing to join, Arlington Heights special police officers.

Following the customary services at Memorial Park, the Legion and VFW will proceed to the Arlington Heights cemetery where the usual ritualistic services will be held at the grave of one of their comrades.

Stork does not stop at Arlington in 18 mos.

Forrest Davis, Arlington Heights village clerk, made the startling discovery this week that the stork had not made a stop in Arlington Heights in 18 months until three weeks ago. The editor had just put that story over the wire when an expectant mother dropped into the office and said:

"I have an order placed with Babyland for a baby boy for delivery by the Stork express. I am going to show my patriotism by having that delivery made in Arlington, not at an adjoining hospital."

Ask new industry district in Elk Grove

Reclassification of his property in Elk Grove township from farming to a light industry district was asked by Charles A. Horneier, Jr., 2011 Belmont ave., Chicago, in a petition to the County Board of Commissioners. The plot is on the east side of Busse road, about one-half mile north of Devon ave. Horneier's petition was referred to the Zoning Board of Appeals.

Graduation at St. James

Climaxing several events, the annual graduation exercises of St. James school, Arlington Hts., will be held, with Rev. George Stier presiding Sunday, June 8. The graduation ceremony will begin when the class marches in procession from the school to the church to assist at mass.

In colorful array the graduates will circle the altar after the gospel of the mass to receive their diplomas. They will be escorted by little tots in blue, pink and white. The central event of the program will be the reception of our Eucharistic King by the class in a body.

Class members are Bernard Baumann, Austin Brodman, Donald Cizek, Jack Clark, Edward Coy, Betty Hull, George K. Vack, Dorothy Koziol, James Lee, Claudette Malburg, Peter Martini, Patrick Moran, Charles McManus, Marvin McNellis, Richard Nickol, Laverne Niven, Paul Roche, Tom Rowader, arvin Schaefer, Richard Schneider, Margaret Schuller, John Simon, Betty Tischer, Paul Vornmittag, Melvin Weidner, Betty Ziesk.

Following the church services a special breakfast program will be held in the school hall with the seventh grade acting as hosts and hostesses.

Friday, June 6, the entire student body will enjoy a play day on the school grounds. At 1:00 p. m. the graduating class will take leave of their school mates. Parents of their school are invited to attend. A special surprise feature is in store for all the pupils, as well as the parents who are present.

Village to support new building committee

Arlington Heights village board thought it was taking a step forward a week ago when it approved the appointment of a building committee. Within a week the board realizes that unless it finds a way to give that committee some power its work may be partly stymied. The members of that committee, comprising Paul Taege, Carl Teutsch and Milo R. Little accepted their jobs and started to work almost at once.

The first set of plans were submitted by Trude Land Development, which plans to erect four-room ranch type expandable homes on South Dunton avenue. The committee made two recommendations to the builder: use of face brick for the entire house and widening of lots from 62½ feet to 70 feet. They also criticized a few minor points of construction.

Paul Taege, building commissioner admitted to the village board Monday evening that the building plans are in conformity with existing building ordinance and above the deed restrictions. He told the board that he could see no way to legally refuse a building permit. Attorney Hugo J. Thal agreed with Mr. Taege.

Alderman Franke, who was acting mayor for the evening, took the stand that the newly appointed building committee was entitled to the support of the board, regardless of any decision it makes. He favored a revised building code to put teeth into existing ordinances.

Wm. E. Trude of the Trude organization, told the board that he intended to use face brick and would widen the lots to 70 ft. The building committee will again consider the plans Wednesday night, reporting at once to the village board. Mr. Trude asked immediate action because even a few days delay might mean less homes being built in Arlington Heights. He stated that he favored the appointment of a building committee, but it should be remembered that the lots had been purchased subject to existing ordinances and that his plans exceed present restrictions.

It appears that the state law and building codes do not provide for aesthetic restrictions. In plain words, "as long as the building meets local building restrictions as to size, cost, and location, the hands of municipal officers are tied."

The Arlington Heights building committee at present acts only in an advisory capacity.

Flowers for the graves of veterans are again solicited from the community of Arlington Heights as in former years. A group of Auxiliary members from the Legion and VFW will meet at Legion hall Thursday evening, May 29, to prepare the flowers.

Village attorney urges refusal of compromise offer

A master in chancery has recommended that a judgment be entered against the village of Arlington Heights for \$135,000.

Arlington Heights can settle the lawsuit of the Sunswick corporation for the sum of \$100,000, plus \$5,000, fee of the master in chancery.

If such a settlement is made the big sewer bond holders promise to cleanup within a year the special assessment warrant under which the sewer was built.

As an added inducement Attorney Markman told the Arlington village board Monday evening that his client would turn over to the village its claim against Euclid Lawn cemetery, amounting to \$50,000. "Some day that cemetery will pay that assessment and the village can collect it," stated Markman.

To send board statement

Mr. Markman agreed to prepare and send to the board members a concise statement of "whys and wherefores", devoid of legal phrases, in order that they may better understand the situation.

After the bond attorney had gone, Attorney Thal advised the board to refuse to accept the compromise offer because the village "does not owe the money," court decision notwithstanding. He stated further that the judge had signified that he would approve the decision of the master in chancery. On the plea of Attorney Thal that the village during the past year had paid considerable money to the bond holders that could be claimed as offsets, the judge has withheld entering judgment against the village until the municipality has had time to present an auditor's report showing the amount of such offsets. Those figures are now being collected. Mr. Thal told the board Monday evening.

To hold special meeting

A special meeting of the village board will be held soon to give Attorney Thal an opportunity to advise new members with the history of the entire case. The board will take no action on the settlement offer of Sunswick until it has had time to study both sides of the case.

64 to graduate next Wednesday

Commencement exercises of Arlington Heights Elementary school will take place Wednesday, June 4 at the high school auditorium. Supt. Paul J. Misner of Glencoe will be the speaker. Musical numbers will be given by the boys and the girls choruses. N. M. Lattot, president of the school board will present the diplomas. The class numbers 64.

St. John's to hold its annual congregational picnic

The annual congregational picnic of St. John Evangelical and Reformed church, Arlington Heights, will be held in the George Scharringhausen Grove on South State Road on Sunday, June 8, or Children's Day.

The various committees have been appointed and plans are being made for one of the best picnics ever given by the church.

Crank-type phones all passe

The crank-type telephone is a thing of the past in the area served by the Arlington Heights exchange.

A sixty-day program to replace 640 crank-type telephones with more modern common battery instruments which require no cranking was completed on schedule, and all rural telephone users served out of the Arlington Heights exchange can now signal the operator at her switchboard by merely lifting the receiver. This was announced this week by W. C. Lathen, Manager for the Illinois Bell Telephone Company.

Under the supervision of Wire Chief H. J. Kutcher, telephone installation men completed this service improvement project on a line-at-a-time basis during the period when other telephone workers were on strike.

The common battery system gets its name from the fact that all electrical power for transmission comes from a large battery in the central office. This power replaces that originally supplied by the small battery in the customer's premises. The hard magneto crank was used to signal the operator at the start and completion of conversation.

Sun shines on youth parade at Palatine

Residents of this area who attended the 12th annual American Legion Youth Convention and Parade held at Palatine Sunday witnessed a great spectacle. The air was filled with music from five bands, and five drum and bugle corps. The drill teams gave the parade a special snap. The drum majors provided the color, and the R.O.T.C. unit the military touch and the marching units of sea scouts, boy scouts, cub scouts, girl scouts, camp fire girls, girl mariners, and Sons of American Legion won the admiration of the throngs who lined the line of march and gathered at the high school athletic field to witness the drilling and award of prizes. The various color guards provided the impressive touch that made the event everything that its sponsors had planned.

To top it all off, nature provided a perfect day. Arrangements were so well planned that the parade stepped off only 15 minutes behind schedule.

The event is annually sponsored by the 9th District American Legion. Participants are the youths of the organizations sponsored by local Legion and Auxiliary units.

Leading the parade were Wm. Kroll, Cook Co. commander; Lee VanArsdale, 9th district commander; Mrs. Joseph Wisersky, 9th district director; Walter Swarnick, vice commander; the district Legion and Auxiliary colors and the Melin Rorer Band.

Preceding the announcement of the winners and their parade on the field, a patriotic program was held from the reviewing stand. Mrs. Rosina Wyatt was soloist. Short talks were given by Commander Lee VanArsdale, Chairman Harry Harmon, and Mrs. Wisersky. Mayor William DePue introduced Philip Maxwell, the speaker of the day. Invocation and benediction was given by Chaplain Niels I. Hoff.

The list of prize winners in the various classes appear elsewhere in this paper. Pictures will appear in next week's paper.

Arlington airport independent of state and county control

Walter Krause, Jr., received a letter this week from the Department of Aeronautics of the State of Illinois regarding the status of the Arlington airfield leased and operated by Illinois Aircraft Sales and Service Co.

Such field is owned by the government and is therefore exempt from all control by state and county, including the county zoning laws. The letter addressed to Mr. Krause, says in part:

"In answer to your question of how the Illinois Aircraft Sales and Service Company obtain a permit from the State of Illinois to operate the Arlington Heights Airport? my answer is that they received no such approval or certificate. However, under the Aeronautics Act, there is no approval or certificate required because it is a field which is owned by the Federal government."

"I call your attention to Section 50 of the Illinois Aeronautics Act, which I am enclosing, which exempts from state jurisdiction any airports owned or operated by the Federal government."

"I would also like to clear the matter of the requirement of 160 acres for an airport. The 160 acres is a requirement of the Cook County Zoning Ordinance. The Department of Aeronautics has no requirements with regard to a certain number of acres for an airport. However, in Cook County and in other counties with similar zoning ordinances the department, as a matter of policy, does not certificate airports unless they meet the requirements of the local zoning ordinances. Apparently, since the airport is still under the ownership of the federal government, they are exempt from this County Zoning Ordinance."

Cub scouts compete

Kite flying was the highlight of the Cub-o-Ree, which was held at Camp Baden-Powell Saturday, May 24. The Cub-o-Ree, an annual get-together of Cub Scouts and parents of the Northwest Suburban Council, officially opened with a flag raising ceremony at 2:00 p.m. Following the opening ceremony, cubs had the opportunity to prove that the kites they were working on this spring were able to fly. The cool breeze lifted the kites so high that several were almost out of sight. The kites were judged and awards were presented for the best of their respective type.

Cub olympics, including the discus throw (using a pie tin), the shot put, using a soft ball, and a three-legged race and sack race occupied much of the afternoon. Small fires began to be kindled, as each pack prepared their picnic supper. The warmth of the fires was inviting, and even after the picnic supper the cubs had a difficult time persuading the fathers into a tug-of-war, in which the cubs won with little effort.

Approximately 130 cub scouts and 65 adults from 9 different packs attended the day's outing. Packs which attended were: no. 214 and 227 of Des Plaines; no. 218 of Wheeling; no. 223 of Mt. Prospect; no. 232 of Arlington Heights; no. 231 of Skokie; no. 233 of East Maine and no. 201 and 202 of Park Ridge.

The results of the cub olympics was as follows: The shot put was

won by John Hoffman of Pack 218. Dave Smith of pack 201 was second. The discus throw was won by David Page of pack 232 and Al Coxin of 214 placed 2nd. Pack 202 won the sack race, and the three-legged race was won by the team from pack 231. Four of the five kite awards were won by pack 227. Donald Herning received the award for the largest kite which could fly. Roger Corby was awarded the recognition for the best kite of the 2-stick variety. James Perry had the best kite of the 3-stick variety and Roger Palenske had the best kite of the more than 3-stick variety. Donald Ferlic of pack 202 had the smallest kite which could fly.

Albert John Redeker

Funeral service will be held today, Wednesday, at 1:30 p.m. from Peterson's Funeral home in Waukegan, for Albert John Redeker of Waukegan. Interment will be in the Arlington Heights cemetery.

Mr. Redeker was born October 17, 1897 in Schaumburg. He attended Lutheran Day school at the Arlington Heights St. Peter Lutheran school and was confirmed there in 1910. He also graduated from the Arlington Heights Township high school in 1917. In February of 1932 he married Dorothy Whitaker and they have made their home in Waukegan.

Those left to mourn Mr. Redeker's departure are his wife, a stepson, Robert Whitaker of New York; his mother, Mrs. Dora Redeker and sister, Miss Lily Redeker of Arlington Heights; another sister, Mrs. Tillie Johnson of Chicago; and his father-in-law, William Yoke of Waukegan.

Cooties pick officers

Several members of the Des Plaines Cootie Pup Tent who have been active in VFW work for quite some time have been nominated for offices in the 8th Division of the Cook County Council.

Past Commander Walter Lang of 2992 was nominated for commander. Past commander Jerry French of 3579 was nominated for senior vice. Cootie hospital chairman Robert Withey was nominated for junior vice commander.

Fire carnival

The first carnival of the season for this year will be held at Mt. Prospect next week, starting June 5 to June 8, inclusive, under the sponsorship of the Mt. Prospect City and Rural Fire departments.

Draft board quits

(Continued from Page One)

had to be done over again. Board members did not act on own classifications. Neither did they handle the file of any relative. Relatives were checked entirely by non-relatives and in the case of board members their files were sent to Chicago headquarters and forwarded by them to some other selective service board.

The changes in the 4F file were many and often. The board did not allow itself to be hurried. When a request for a certain number of inductees were received and the board did not have that many ready, they just reported "unavailable" and sent as many as it could. Before any young man was called, a check was made to make certain that there was no person available with a higher draft number as determined by the national lottery.

Frequent checks
All service boards were repeatedly checked by a visitor from the state headquarters. Naturally it was spot checking, but the office personnel did not know when or how often some official would visit the office.

The board member being interviewed by Paddock Publications was too modest to say that Board No. 1 had a perfect score, but did admit it was a 99 plus.

Examining physicians
Two examining physicians of World War II served in like capacity during World War I. They are Dr. B. T. Best, Arlington Heights and Dr. Edw. W. Larsen, Wheeling.

Other physicians who acted in that capacity during the last war are: Dr. N. Leckband, Dr. F. E. Schoen, Dr. W. A. Schimke and Dr. J. A. Schmitke, Dr. J. A. Collins and Dr. H. O. Meisenheimer.

Farm board members
The status of persons employed on the farms changed frequently. The board was assisted in handling requests for farm deferment by three farm board members. They were Reed W. Pfingsten, Roselle; Emil H. Schroeder, Palatine and Leo F. Jaacks, Arlington Heights.

Advisory Board members
The services of an advisory board member was available to any registrant who requested it. Persons on board were attorneys and others who were well qualified to advise registrants as to their legal status. They held office hours for that particular purpose at frequent intervals.

The men who gave such service are Paul M. Godehn, Barrington; Peter B. Atwood, Arlington Heights; Carl M. Behrens, Arlington Heights; Paul E. Collins, Arlington Heights; Andrew J. Daltrean, Barrington; Arthur J. Donovan, Barrington; W. Edward Fritz, Arlington Heights; Edward A. Glaser, Mt. Prospect; Frank R. Hartman, Palatine; John A. Senne, Palatine; Walter W. Weiss, Chicago; Arthur Fassbender, Wheeling.

Government appeal agents

Appeals from decisions of the local draft board were available to any registrant. Such agents would examine the registrants file carefully, listen to his story and if any reason was found why the selective service board had made a mistake or the man had not been given all of his rights, the agent would have the correction made. However, if all the regulations of the selective service act had been followed and there was no reason for any temporary consideration the board's classification would stand. The appeal agents serving the local board were:

Burton A. Brannen, Mar '41 to May '42.
Willard C. Walters, May '42 to date.
Marion J. Hannigan, June '43 to Jan '44.

Board Members

The local selective service board was supreme in all its "legal" decisions. They could make an occasional mistake, but if error was found no power of the selective service organization could override their action. Incidentally in one case, even government brass hats tried to get a reclassification for a member of a prominent family. It failed and the man was called.

Members of the board and the period in which they served are: Delmer R. Rippey, Chairman, Houston, Tex., Oct '40 to June '44.

Robert M. Utpadel, Wheeling, Sec'y., Oct '40 to June '44.
Robert M. Utpadel, Wheeling, Chairman, June '44 to date.
Victor Pecchia, deceased, Oct '40 to Mar '41.
Paul M. Carroll, Arl. Hts., Mar

Churches

FIRST CHURCH OF CHRIST

N. Dunton at Fremont Church services Sunday, 11:00. Sunday school, 9:30 a.m. Wednesday evening meetings are held at 8:00 o'clock and include testimonies of healing. The reading room is located in the church building and is open Wednesday and Thursday afternoons from 1 to 5.

CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 25, was: "SOUL AND BODY"

The Golden Text was:

"Why are thou cast down, O my soul? and why art thou disquieted within me? hope thou in me, for I shall yet praise him, who is the health of my countenance, and my God" (Psalms 42: 11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus. . . . Who shall change our very body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself. . . . Lie not one to another, seeing that ye have put off the old man with his deeds; and have put on the new man, which is renewed in knowledge after the image of him that created him" (Phil. 3: 13, 14, 21; Col. 3: 9, 10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Man is the expression of Soul. . . . Separated from man who expresses Soul, Spirit would be a nonentity; man, divorced from Spirit, would lose his entity. But there is, there can be, no such division, for man is coexistent with God. . . . The Science of being reveals man as perfect, even as the Father is perfect, because the Soul or Mind, of the spiritual man is God, the divine Principle of all being, and because this real man is governed by Soul instead of sense, by the law of Spirit, not by the so-called laws of matter" (pp. 477, 302).

Obituaries

da Louise Hansen

Ten year old Ida Louise Hansen of St. Mary's Training School, Des Plaines, was laid to rest last Saturday. Lauterburg and Oehler of Des Plaines were in charge of the funeral, with services being held from St. Mary's Training School chapel, Msgr. Eugene Mulcahey officiating. Burial was in St. Mary's cemetery.

Ida passed away in a Chicago hospital and leaves to mourn her father, two sisters, and a brother.

School for firemen

The Cook County Firemen's Suburban Association is sponsoring a fire school, to be held at the drill tower in Morton Grove on Saturday and Sunday, June 7th and 8th. State instructors Brooks and Remick will direct the school.

All firemen, municipal or industrial, are invited to attend. Hours will be Saturday, 1 to 5 p.m. and Sunday, 9 a.m. to 3 p.m.

Frozen Toilet Bowls

Don't pour boiling water into toilet bowls. A sudden and extreme change in temperature is very likely to crack the vitreous china bowl.

They Shall Not Die

On this day, we honor our dead, but to us, they shall always live. Though memory of many things may fade, the good they did will live on in us to their credit.

This is our human recognition of the rich heritage that comes to us from each generation. This is the only lasting tribute.

To us who loved them even the appropriate funeral service is not a farewell. It is merely a fitting pause to pay our arthly tribute.

THEY SHALL NOT DIE.

Preference

It is a constant source of satisfaction to us to realize that for years the services entrusted to our care have been handled in the exact manner our clients have wished.

We follow no set routine. We are non-sectarian. We are familiar with all details of religious and fraternal ceremonies. We conduct each service according to the individual desires of the family.

It is significant that the majority of families, living in the area customarily served by us, call upon Ray W. Haben when the need arises.

RAMBLE INN 'N OUTINGS

by BILL NORTH

Congratulations to the new Des Plaines Youth Center. They've worked hard and at last are well on the way to having one of the finest Y. C.'s in this part of the state. Jack Crane, president of the Y. C., some very civic minded and marvelous adults, and the spirited cooperation of the Des Plaines kids have worked wonders. They have taken the basement of the Rand Park Field House and made it over into one of the most interesting and entertaining Youth Centers. Already enthusiastic over the Youth Center movement, the Des Plaines Y. C. is going to enter into some of Ramble Inn's activities this summer. Such as that Lake Cruise and maybe some roller parties. Ramble Inn, the Palatine Y. C. and now the Des Plaines Y. C. are living and active proof of the old truth. Good atmosphere and environment will make a strong and clean generation. Keep up the good work Des Plaines! We're behind you 100%.

Ramble Inn is moving upstairs in the Field House due to the forthcoming opening of the swimming season. It will be well upstairs and we have hopes that the schedule of ramble Inn will be extended so that it will be open every night. The Y. C. in cooperation with the high school will not be open on Saturday night due to the Prom and on Friday because the moving of Ramble Inn should start then.

Remember the Prom. If you want fun, get there. If you want good music, get there. If you want a swell atmosphere, get there. You can't beat it for entertainment and it's the biggest dance of the year. Boys, don't disappoint the girl by not asking her. Girls, don't disappoint the boy by refusing. Let's all get out and have fun. Tickets are \$2.00 per couple. Remember that dance is May 31st.

Ramble Inn was packed last Friday as the future Freshmen of Arlington Heights Township high school took over the Y. C. They had a great time and many are already members. They realize that Ramble Inn is the hub of all the teen age social activity. Just get your cards and join in the fun. Only a quarter of a whole year as a member.

Guess summer's really here at last. With the blue skies and the flowers.

And school is nearly through and past. Giving us more leisure hours.

But let's not waste our short vacation. Time should not be thrown

away. Accomplishment is gratifying. And much more satisfying than play.

But for those hours you cut your cares adrift. To find relaxation's key. Just come on up and get a lift. At the Arlington Heights Y. C.

Court of Honor to be held June 11

On June 11 the Blackhawk district of the Northwest Suburban Council will hold a Court of Honor at the Arlington Heights Field House. R. E. Clabaugh, District Advancement Chairman, announced that awards will be presented at that time to all boys who have earned merit badges or advancements since the February Court of Honor.

A short program of entertainment is being planned for scouts and their parents. This will be followed, as usual, by the serving of refreshments to all in attendance.

The June Board of Review will be held on Friday evening, June 6, instead of the usual first Wednesday of the month because of the public schools' graduation exercises scheduled for June 4.

Following the usual custom, no boards of review will be held during July and August. The advancement program will be resumed with a board of review in September, at which scouts are asked to present a record of all the summer, including that completed at summer camp.

Cubs to parade Memorial Day

Arlington Heights cub pack 232 will participate in the memorial Day parade to be held Friday morning May 30. The cubs will assemble at the baseball diamond at Recreation park at 9:00 a.m. All cubs are to be in full uniform.

Thirty two cubs and four den dads attended the cuboree held Saturday afternoon and evening May 24 at Camp Baden-Powell. The cubs participated in races and games with cubs from seven other packs in the district. The district h-trew was won by David (Butch) Page and the closing ceremony was led by Martin Freeman and cubs of pack 232. Scores of baseball games played Friday evening May 23 were: Red Wings 18, Blue Jays 6; Indians 7, Junior Red Wings 0. The game scheduled for Tuesday May 27 was called off because of (that's right) rain.

Burdensome Task
The average farm family spends the equivalent of 30 eight-hour days each year carrying 20 to 30 tons of water for kitchen use.

W. A. Miles represents NW suburban council boy scouts of America

The Northwest Suburban Council will be represented at the National Council Meeting of the Boy Scouts of America, May 27 and 28. W. A. Miles of Arlington Heights, a veteran scoutmaster for distinguished service to boyhood, will be the representative at the 37th annual meeting. Mr. Miles will participate in the sessions on camping and will attend the Region Seven breakfast on May 27. He will bring back to the Council the thinking nationally of making the Scouting Program available to every boy.

Mr. Miles came into scouting in troop 7, where he served for six years as scoutmaster. He then joined the Council Commissioner Staff and has for the past eight years been a member of the Executive Board of the Northwest Suburban Council.

Many scouts and scouters will remember that he passed his Life Saving Merit Badge only four years ago. He has been active in all phases of the Boy Scout Program and is concentrating his interest now around the camping and outdoor activity, especially on the property recently acquired by the Council on Funk's Lake in Wau-shara County, Wis. Mr. Miles will be awarded his 15-year veteran at the next court of honor in Arlington Heights, June 11.

Vacation church school

There will be a vacation church school in the Arlington Heights Presbyterian church this summer. It will begin June 9

and will continue for two weeks.

Monday a party was held at the home of Mrs. Anna Schwartz in honor of Mrs. Ervin Klippert's of Des Plaines and Miss Shirley Helfer's birthdays.

Arlington local news

The Coosa club met May 23 with Mrs. Arthur Bray. Honors at cards were won by Mrs. Erwin Heinrich.

Dinner guests of Mr. and Mrs. Charles Calvin Sunday were Mr. and Mrs. S. Roberts, Mr. and Mrs. G. Noel, Mr. and Mrs. C. Lund and Mr. Ridley Allen, all coming from various parts of the United States.

Double Anniversary
The Henry W. Moehling home was the scene Friday evening of a family dinner party given in honor of the Henry Moehlings' 35th wedding anniversary and the Herbert Moehlings' 10th wedding anniversary. Others attending were Mr. and Mrs. Myron Blum, Melvin Moehling and Ruth Wikman, and Mrs. and Mrs. Boeckenhauer of Des Plaines.

A guest of Mrs. H. C. Cleveland for a few days the past week was Miss Mavis Ebert of Chicago.

Visitors Sunday of Mr. and Mrs. Fred Kolze and Mrs. Emma Erber were Mr. Kolze parents, and his brother and family of Janesville, Wis.

Saturday night a double birthday celebration took place at the Keith Chidley home in Palatine. Guests of honor were Alan Ben Chidley and Scott Moritz. Guests from Arlington Heights included Mrs. A. T. Chidley, Edward Chidley, Rae Chidley, the Edward Moritz family, Ray Goshch family, and the Al Bahr family.

Mr. and Mrs. Guy Baxter and son, Emory, will spend Memorial Day at Burlington, Wisconsin, where they plan to visit relatives.

Mr. and Mrs. R. D. Dibble and family and Reverend J. B. Dibble were Sunday guests at the home of Mr. and Mrs. Edward Rowe in Oak Park. Mrs. Rowe is the R. D. Dibles' daughter.

James Dearie of Wilmington, Delaware, returned to his home this week after having spent the past two weeks visiting his brother, Edward Dearie, and family.

Mr. and Mrs. George Petersen were guests of their daughter, Mrs. Richardson, in Des Plaines last Saturday.

Spending the Memorial Day week end in Flint, Michigan will be Mr. and Mrs. James Yates and children. They will visit Mrs. Yates' sister, Mrs. William Morrissey, and family.

Surprise Showers
Though Mrs. Al Bahr went to her regular pinochle club at the home of Mrs. Harold Moore last Thursday evening, with nothing in mind but playing cards, she soon found out that the regular routine varied, as she was presented with a box of gifts tied in pink and blue. Mrs. Lynn Weaver won high honors at pinochle and consolation went to Mrs. Arthur Weirich Jr.

Mr. and Mrs. Ralph Sass and children will attend the christening celebration of Dawn Juhnke, daughter of Mr. and Mrs. Alfred Juhnke, in Forest River Sunday afternoon.

Carl C. Wright left Tuesday morning on a business trip for his company, which will take him to Baltimore, Maryland.

Mr. and Mrs. Arthur Jaques and children will spend the Memorial Day week end at Pistakee Bay, at which time there will be a family gathering.

Mrs. Milo J. Vondracek was taken to the Wesley Memorial hospital in an ambulance last week Tuesday seriously ill with virus pneumonia. Her condition is slowly improving.

Mrs. A. D. Hines is spending a few weeks in Marysville, Kansas, with her husband, who is there on business for the Stewart-Warner Co. of Chicago.

Mrs. A. Klein, R. J. Rizzi, A. Horcher, and Vance Folkman and children, Pat and Danny, will spend today, Thursday, in Aurora visiting relatives.

Returns to Camp
Pfc. Allan Griffith returned Saturday to Ft. Bliss, Texas, after spending a 14-day furlough at home with his family.

Last Saturday Mrs. James Yates attended the class reunion of the class of '37 at the University of Wisconsin, Madison, Wisconsin.

Returning last week from a trip to Atlantic City, New Jersey, and New York City were Mr. and Mrs. A. E. Goldthwaite. While in Atlantic City Mr. Goldthwaite attended a three day business convention.

John S. Monroe of Minneapolis, Minnesota, was the dinner and overnight guest last Wednesday of the Warren Fellinghams.

Mr. and Mrs. F. E. Shanklin of Chadron, Nebraska, spent last week visiting the John Shanklins.

The Sewing Circle of the St. James Catholic church enjoyed Fish Fry and evening of general fun last Friday.

New teacher called for St. Peter school

Arthur Scheiwe of Chicago has been called to succeed Elmer Arnst as teacher in Arlington Heights St. Peter Lutheran school. Mr. Scheiwe is presently engaged as teacher in Bethany Lutheran school, Chicago, the Rev. Paul Roeder, pastor.

Mr. Arnst has accepted a position as teacher of the eighth grade in St. Paul Lutheran school, Melrose Park.

Of special interest to baseball fans is the fact that Mr. Scheiwe is a catcher for the Redwings.

Tag day for Old Folk's home a success

Four tag day boxes in Arlington Heights brought in a total of \$246.77 on May 13 for the Old Folks Home here. The local committee worked under the guidance of Mrs. Herbert Luerssen of St. Peter Lutheran church. The Chicago area netted \$4,448.23 from one hundred boxes for the home, with Mrs. William Cronert heading the committee for the entire suburban area.

This tag day is affiliated with the Chicago Federation of Aged and Adult charities.

Presbyterian women to hear mission speaker

The Women's Association of the First Presbyterian church Arlington Heights, will meet Wednesday, June 4th, rather than June 11th, in order to hear Miss Rachel Benfer, who is the District Secretary of Women's Work on the Presbyterian Board of National Missions.

Miss Benfer, vivid, enthusiastic, intensely interested in people, does not stand off and tell an audience about her subject, she takes them along with her and delights in introducing them personally to the work the Presbyterian church is doing in many parts of the country. After her graduation from George Washington University, Miss Benfer spent some time in the Kentucky Mountains, and then in the Spanish-speaking work at Allison-James school in Santa Fe. She became intimately acquainted with the life of the hill towns of New Mexico, from which so many of the students came, with Embudo hospital, and with Presbyterian churches and day schools, as well as with Manual, the Senior High at Albuquerque.

Since becoming a member of the board secretarial staff, Miss Benfer has made visits to Indian, Intermountain, Negro, Oriental, Spanish-speaking, Cuban, Alaskan, migrant, newer Americans, cowboys, city, rural and defense industrial fields that have added wealth to her first-hand knowledge and given her a contagious enthusiasm and conviction of the urgency and imperativeness of National Missions strategy.

Presbyterian church gains 58 members

Because of the addition Sunday of 58 new members, Pentecost was a day of deep significance to the membership of the Arlington Heights Presbyterian church. The day commemorates the birthday of the ancient Christian church, and it was described as the birth of new life to the local church body. Holy communion was a part of the order of service and Mrs. Richard Lull was pipe organist, with Mrs. Robert Malcolm soloist.

The large group of new members follows a previous class taken into church during Holy week. The Rev. C. Victor Brown, pastor of the church, has been assisted by the layman visitation committee in making contacts. Almost one hundred percent response resulted from the calls made, according to reports.

Irving J. Tesch is clerk of the church session; Albert E. Goldthwaite is president of the trustees; H. K. Klehm is president of the board of deacons, and V. H. Beiser is superintendent of the church school. The "Mr. and Mrs. Club" which meets the 2nd Friday evening of each month, is headed by William Forrest, president.

Miss Benfer will speak at the meeting, which follows a potluck luncheon at 12:30 at the church. Dessert and coffee will be served by circle no. 2, Mrs. Cox, chairman. Executive board will meet at the church at 10:30.

Club calendar

May—
30—Memorial day parade, forms at recreation park at 9 a. m. and starts at 9:30 a. m.

June—
1—Mother-Waughter communion breakfast by Woman's Guild of St. James Catholic church, at 7 a. m. mass.
5—Martha circle of St. John's church meets at 1:30 p. m. Quilting at 9 a. m. in church parlors.

Miscellaneous shower honors future bride

A surprise miscellaneous bridal shower was given in honor of Miss Ann Uraneck of Prairie View Monday evening at the home of Mrs. Herman Becker, 840 N. State road, Arlington Heights.

The many gifts for the bride-to-be were placed beneath an attractively decorated sprinkling can, from which fell streamers of pink and white crepe paper. After the gifts were opened the guests enjoyed playing bucca, which was followed by refreshments.

Miss Uraneck has been a teacher at the Gridley school, Prairie View for a number of years. She will leave for the West in June, where she will be married, settling down in Nevada.

Mrs. Helen Hahnfeldt and son, Billie, will accompany Miss Uraneck on her trip west, which is being made by car. They will return by plane.

Personal shower given for Betty Albrecht

Betty Albright of Arlington Heights was pleasantly surprised at a personal bridal shower given in her honor by Phyllis Nagel and Leona Rateike, at the Nagel home last Sunday. The guest of honor was seated beneath a large white and pink umbrella from which flowed aqua streamers.

Twenty-four guests viewed the opening of Betty's many lovely gifts, among which was a beautiful bride's book made by Leona Rateike. The book depicted Betty's life from her childhood on through her future married life.

A delicious buffet supper was served at 5:30, the table being decorated with two umbrellas and pink streamers. Each guest was given a small umbrella as a favor.

Miss Albrecht will become the bride of Robert Clapper of Mattoon, Ill. on June 24.

At Lindenwood

Miss Patricia Hope Tuttle, of 311 Ioka Ave., Mt. Prospect, received the degree of Associate in Arts at the 120th annual commencement of Lindenwood College at St. Charles, Mo., today. She is one of fifteen Illinois students in this year's graduating class of 71.

The commencement address was delivered by Dr. Franc L. McCluer, Lindenwood's new president.

Girl scout leaders all set for outing June 24

The Girl Scout day camp committee, headed by Mrs. Ellsworth Meineke, Arlington Heights, and Mrs. George Edgumbe, Mount Prospect, have announced completion of arrangements for the day camps to be held during the weeks of June 17 and June 24 at the Elk Grove Forest Preserve.

A considerable number of registrations have already been received and Mrs. Fred Siegel, registrar, wishes to remind Arlington Heights Girl Scouts and Brownies to return their registration forms to their troop leaders by June 1. Mt. Prospect Girl Scouts and Brownies are to send their registration forms directly to Mrs. Cecil Garman, camp registrar.

Day camp fun comes from out-of-door cooking, nature study, hiking, folk dancing, dramatics, story telling and group singing.

The girls will be divided into units of twelve girls each, with two leaders. The units are formed on age levels and comprise a cross section of troops from both communities, thus encouraging new friendships.

Day camp lunch is cooked by the girls under supervision of unit leaders with food purchased by the day camp committee. Drinking water is tested and a registered nurse supervises health and sanitation of the camp.

The daily program is planned by the girls and leaders in their own units. This year an opportunity for some work towards outdoor badges for Intermediate Girl Scouts will be offered.

Mrs. Alva Meyer, president of the Arlington Heights Council and Mrs. Fred Tice, president of the Mt. Prospect Council, wish particularly to call the attention of parents to the evening camp fire on the final day of each session. Day Camp will open at 8 o'clock and close at 9 on Friday. Parents are especially urged to come with a picnic supper for their families and share in the closing camp activities.

The meeting was called to order by the president at 8 o'clock, May 16, 1947. Regular business discussion was held. For recreation there was an interesting baseball game and then Paul Loeber entertained the members and friends with some home moving pictures.

Shower given

At Arlington Heights bride-to-be honored at a bridal shower last Sunday was Miss Ruth Wikman. The shower was held at the home of Louis Thies in Barrington and was given by Misses Irma and Norma Thies, former schoolmates of Miss Wikmans. Colored movies were taken as the bride and groom-to-be entered the Thies home to the tune of "Here Comes the Bride." The 34 guests enjoyed luncheon, which was followed by delicious refreshments, with more movies being taken at this time. After the refreshments were served the bride and groom-to-be were seated before a table topped with gifts showering forth from an attractively decorated sprinkling can. The colors of white, pink, blue, and yellow prevailed in the decorations as those will be the colors of Miss Wikman's wedding party. Miss Wikman will become the bride of Melvin J. Moehling, also of Arlington Heights, June 7, at 3 p.m., at the Arlington Heights St. Peter Lutheran church.

Missionary league to present pageant

The Lutheran Woman's Missionary League of Northern Illinois is sponsoring a pageant, "My Church," given by the Missions activities group of Concordia College, River Forest, June 1, at 8 p.m., in the college gymnasium. Various scenes, outstanding in the history of the Missouri Synod, are presented on the stage. All the founders, Stephan, Walter, Wynekan, Cramer, Fuertbringer, etc., are presented in groups as they land here, meet the Indians, organize the Synod, and build a college. The synopsis is read to organ accompaniment and the chorus of the college will sing several numbers. There will be no admission charge, but a collection will be taken for the benefit of the Mission Activities group. Contact Mrs. Charles Klehm of Arlington Heights, who is chairman of the Arlington Hts. St. Peter Lutheran Missionary League, if interested in attending the pageant.

At Interlochen

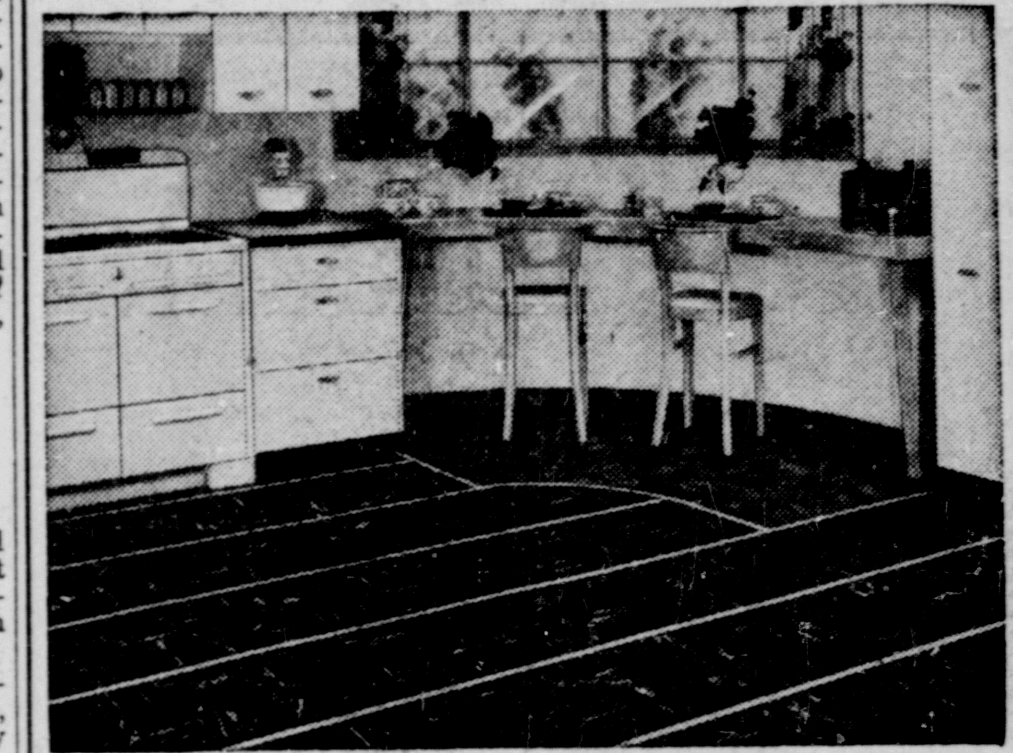

Constance Claire Johnson, daughter of Mr. and Mrs. Geo. D. Johnson of Tonne Road, Bensenville has been awarded a scholarship to National Music Camp at Interlochen, Mich., for the coming summer, according to an announcement from Dr. Joseph E. Maddy, president of the camp. Entrance requirements are entirely on a merit basis. Miss Johnson is a pupil of Arlington Heights high school of this city. Affiliated with the University of Michigan the National Music Camp offers undergraduate and graduate college courses in music, art, speech, camp counseling and recreational leadership on the college level. Junior, Intermediate and High School Divisions of the camp provide appropriate arts activities for children of elementary, junior high and senior high school age. Junior camp activities center around talent-finding excursions into all branches of music, art, drama, radio and dance.

Dance recital at Arlington Heights

The Ann Hollenberger School of Dancing will present its first annual recital Saturday afternoon, May 31, at the Arlington Heights fieldhouse. Children taking part are Bunny Baumann, Wanda Eakins, Judy Grose, Barbara Lohse, Kay Rask, Pat Sim, Barbara Smith, Paty Ann Whitehouse, Susan Hane, Roberta Hill, Lynn Cox, Carol Holcomb, Ruth Ann Keck, Judy Sigwart, Sharon Wischstadt, Jeanette Cook, Josephine Duro, Ann Gregory, Phyllis Joost, Dorothy Lattof, Sheila McGuire, Nancy Rockwood, Robin Rockwood and Louise Wahl. Besides accompanying the pupils in their dances, Mrs. Mildred Smeby will sing "Nursery Rhymes," by Pearl Curran and "Toyland." She will be accompanied by Mrs. Richard Lull. In the Toyland number Mrs. Smeby will share the spotlight with the "very young" members

of the class. They are Margie Plaines will dance two solo numbers and the recital will be by a ballet-tap dance by Ann Hollenberger. Admission and Marilyn Rose. Admission will be by courtesy ticket only.

Bernice Bencic and Darrell Meacham wed

Marriage vows repeated after Reverend W. F. Kamphenkel united in holy matrimony Miss Bernice Bencic, daughter of Mr. and Mrs. John Bencic of Mount Prospect and Darrell Meacham son of Mr. and Mrs. Ira Meacham of Spencer, Wisconsin. The wedding took place last Saturday in the St. John Evangelical and Reformed church of Arlington Heights. Baskets of white snapdragons and peonies made an attractive altar setting for the double ring candlelight ceremony.

"Because" and "I Love You Truly" were sung during the ceremony by the bride's friend, Miss Jean Kusy. She was accompanied by Fred Buehler at the organ.

Gowned in white silk marquisette, Miss Bencic was given in marriage by her father. Her dress was styled with fitted bodice, having a high round neckline, and long sleeves, and full skirt that ended in a long train. She wore a fingertip veil that was held in place by a tiara of orange blossoms. The bridal bouquet was round and made up of white feathered carnations with an orchid center.

Matron of honor was Mrs. Liel Mrs. sister of the bride, and serving as bridesmaids were Mrs. Martin Adler, sister of the groom, and Mrs. William Kamphouse. The bride's attendants all wore blue marquisette dresses, styled with fitted bodices, having round necklines and long sleeves, and full skirts. Their bouquets were pink feathered carnations and they wore matching sprays in their hair.

Phyllis Lindstrom was the little flower girl and she wore a gown of pink marquisette and carried pink feathered carnations. Roy Meacham, brother of the bridegroom, acted as best man, with Martin Adler and Robert Schutler as ushers. The groom and his attendants wore white coats and dark trousers and had boutonnières of maroon carnations, the groom's being a white carnation.

The bride's mother wore an aqua crepe print dress for her daughter's wedding, and the groom's mother chose a navy print dress. Both had a corsage of pink feathered carnations. Dinner was served at the bride's home for 24 guests following the ceremony. Later in the evening a reception for 150

Community Camera guests was held at the VFW club house, where dancing was enjoyed to the music of Earl Friedrich's orchestra. Mr. and Mrs. Meacham are now honeymooning in various parts of Wisconsin and will be gone for two weeks. Upon their return they will be at home with the bride's parents in Mount Prospect.

OES grand lecturer and 33 club night

The Arlington Heights Chapter 992 OES had a lovely meeting May 22 which was a combined Grand Lecturers and 33 Club night. Those filling stations were Myrtle L. Frey, grand lecturer, as worthy matron; Stanley Nebeck, past patron of Equality Chapter, Chicago, worthy patron; Evelyn Bohm, president of 33 Club, guest of honor; Winifred Jones, associate matron, and Burkitt Davis, associate patron.

Secretary, Inez Sharp, past matron; treasurer, Gussie Jahnke, past matron of Des Plaines chapter; conductress, Cecilia Hausam, grand lecturer; associate conductress, Violet Bohm; chaplain, Helen Hana, grand lecturer; marshall, Rita Johnson, past grand officer; organist, Minnie Barnum; and guest organist, Sophia Wilson, grand lecturer of Palatine chapter.

Ada, Grace James; Ruth, Alma Papke; Esther, Lydia Hausam, past matron; Martha, Dorothy Hauff; Electa, Virginia Summers; Warder, Helen Stark, grand lecturer; sentinel, Charles Peters; soloist, Dorothy Fairbanks, past matron; and color bearer, Howard Voss.

May 27 Celia Hausam and Myrtle Frey will serve in Park Ridge chapter on Grand Lecturers night.

Fathers' night will be June 12. There will also be a birthday table for members having birthdays in March, April, May and June.

At the close of the meeting all adjourned to the dining room where refreshments were served by Agnes Olson, past matron, and her committee. The decorations were made by the worthy matron, Emily Schumacher and Winifred Jones.

Rev. O. E. Phillips

SPEAKER

SPECIAL MUSIC

STIRRING MESSAGES

Rev. O. E. Phillips, founder and President of the Hebrew Christian Fellowship, Philadelphia, Pa., will conduct a unique Bible conference at the Prospect Heights Bible Church June 1-4. The services will be held in the School building on Palatine Road, Prospect Heights, Illinois.

Following is a schedule of the services:

Sunday, June 1 — 11:00 — "God's Last Call to the Church." 3:00 — "When the Nations Have No More Jews." 8:00 — "Why the Jews are a World Problem." Monday, June 2 — 8:00 — "Will Russia Invade Palestine?" Tuesday, June 3 — 8:00 — "The Restoration of All Things." Wednesday, June 4 — 8:00 — "One World, God's Program vs. Man's Program."

These are illustrated lectures! Colored pictures each evening! A new type of service that is different and unusual! A service you will want to see!

Fundamental — Missionary Evangelistic — Prophetic

Jones leads Antioch to NW league track championship

Antioch scored 71 points to win the Northwest conference track and field meet held at Palatine last Wednesday night. Jones led Coach Krizan's victorious team with three first places in high hurdles, low hurdles, and pole vault. His mark of 11 feet 5 1/2 inches in the pole vault set a new league record.

Antioch broke three league records as they annexed their second title in the past three years. In addition to Jones' fine pole vault mark a new 440 record was made by Leonard Mattson in .53.3 and the Antioch freshman relay team clipped off four tenths of a second to set a new record of .48.7. Kenneth Mattson won the broad jump and Ohlgren won the high jump for other Antioch first places. The only events in which Antioch failed to place were the 880 and mile and their man in these events

was dropped from the squad the day of the meet. Palatine finished second in the meet with 58 points, pushing Antioch until the last three events. Harold Stephan got a first in the 220 and seconds in the 100 yard dash and broad jump to rank next to Jones in scoring with 13 points. Don Weinacht won the shot with a fine mark a half inch short of 45 feet and Hank Spoo tossed the discus 131 feet 7 1/2 in. for Palatine's other first. Hahn in the mile, Birks in the high jump, and Werner in the pole vault made a much better showing than was expected and scored the maximum believed possible in all events except the frosh relay.

Kensel of Barrington was a double winner in the 880 and mile to lead the Broncos to third place with 43 points. Barrington's only other first was in the medley relay. Grant took a first in the 100 yard dash as Becker, a junior made a fine 10.5 mark for a school just getting started in track. Grant's 2 1/2 points was a fine record. Grant scored in eight events. Bensenville brought up the rear with 11 1/2 points of which Pittman, weight man, contributed five.

TABLE OF POINTS

Antioch	71
Palatine	58
Barrington	43
Grant	23 1/2
Bensenville	11 1/2

Summary
100 yd. dash: Won by Becker (G); Stephan (P); 2nd, Hart (Bar); 3rd, Arthur (A); 4th, Bauman (Bar), 5th, Time, .10.5.

Shot: Won by Jones (A); Stephan (P); 2nd, Becker (G); 3rd, L. Mattson (A); 4th, Depeu (G); 5th, Time, .20.9 in.
High jump: Won by Ohlgren (A); Birks (P); 2nd, Osenbaugh (A); Jahnke (Bar); Blanke (Bar), Fiedler (G); Koch (G); and Hahn (P), tied for 3rd. Height, 5 ft. 5 in.

Lefty Ganshirt will draw the pitching assignment against Meadowland and Schaefer will oppose the Johnson Motors in the Sunday affair. Meadowland has won one and lost one to Midwest competition. Rain and mud has kept them idle for the past two weeks. Because all clubs have not had a chance to round into condition, especially the pitchers, anything is apt to happen in the games this week end.

Maybe the pitchers will be ahead of the batters, or it may be that the hitters have the upper hand and base hits may reach every corner of the park as happened several weeks ago when the Redwings gathered 21 safe blows in the 13-3 victory.

It all depends on the weatherman. It could be that he may be the winner again. He seems to be in rare form, taking the last two verdicts in a row.

Memorial day five mile bicycle race has been scheduled for Arlington Heights by the Arlington Athletic Association. Start of the race is slated for 9:30 a. m. at Sieburg's drug store. Riders are urged to report at 9 a. m. at the bank corner. Additional information regarding entries can be secured by calling Arl. Hts. 1966-R after 8 p. m.

Northbrook and Bisons split for NW lead

Bensenville and Northbrook high school baseball nines split a doubleheader Friday afternoon on the DuPage county diamond, both teams coming through with closely fought, 1-0 victories. Bensenville won the opener for the regularly scheduled contest, while the Vikings grabbed the nightcap, the replay of the previously rain-called May 2 contest.

Thollander pitched his mates to victory in the opener for coach Meneguini's boys, allowing the visitors just two hits. There was no score up to the sixth frame when the Bisons came to life, though not too much of it. The entire game, however, saw plenty of Bensenville men left on the bases, as 11 died on the bags.

Vuglar singled to start the last of the sixth, and immediately stole second. He went to third.

Again both teams had plenty on Robertson's infield out, and scored when Steffenson was out at first. Keller retired to close the game.

Coach Meneguini opened the second game with Thollander again pitching, though he was later relieved by Borg. The first seven innings were scoreless, the Bisons grabbing six hits to Northbrook's five.

In the last of the eighth, Northbrook tallied their winning run on an error by Keller, who just the inning before had made a sensational outfield throw to home plate to save the game, as part of a double play.

After two were out, Schildgen walked, and Miller singled, hte ball going through Keller and Schildgen crossing home plate from first.

Again both teams had plenty on Robertson's infield out, and scored when Steffenson was out at first. Keller retired to close the game.

Coach Meneguini opened the second game with Thollander again pitching, though he was later relieved by Borg. The first seven innings were scoreless, the Bisons grabbing six hits to Northbrook's five.

In the last of the eighth, Northbrook tallied their winning run on an error by Keller, who just the inning before had made a sensational outfield throw to home plate to save the game, as part of a double play.

Arlington trims Maine, then fades to Leyden in district

by MARVIN PRELLBERG
Arlington high traveled to Leyden last Wednesday where they swamped Maine township 11-4 in a sub-district contest, only to go back on Thursday and lose a heartbreaking game, 13-10, in an extra inning to a Leyden squad, who qualified for the finals by blanking Evanston 6-0.

In the Arlington-Maine tilt the Cards got their 11 runs on 9 hits and 1 error, while Chuck Bracke, local twirler, allowed only 4 tallies on 5 hits.

Maine opened up the game by allowing 2 quick runs on 2 hits. Parker led off with a single and Tomich bunted him to second. He went to third on a passed ball with Jungkans reaching first, then Veitch sent a timely single to right-center, scoring both Parker and Jungkans.

Heights knotted it up in the last half of the first when Bob Wille received a base on balls, and Al Stroker, the next man up, clouted a long homer over the left fielder's head.

Arlington went out in front, 5-2, in the second on a walk to Elmer Wille, followed with a double by Bill Lanciloti, a single by George Payne, scoring both Wille and Lanciloti, and Stroker's long fly to right, driving in Payne.

After the third frame went by scoreless, Maine tallied in the fourth on a one-bagger by Jungkans and a four-bagger by a cleanup hitter Veitch to make the count stand 5-4. The Cards, however, tallied number 6 in their half when Burt Dahlstrom led off with a double and came home on a single by Gail Bach.

The locals' big inning came next as they knocked across 5 runs on only 2 hits. The rally began when Lanciloti bunted and went to second on a wild throw. Payne then made first on a fielder's choice, going to second on a put out at the plate of Elmer Wille, who had walked as lead-off man. Jungkans bobbled Bob Wille's tap to let in Lanciloti and Payne.

Stroker's fly to center field was dropped. Cleanup man Bach then dropped in a hit, scoring Wille, and Bracke banged out a hit, tallying Stroker and Bach to make the score stand 11-4 in Arlington's favor.

This was all the scoring in the contest, therefore Heights was victor of its 8th game in 10 starts, 11-4, and qualified to meet Leyden for the finals of the tournament.

Two conference

Hansen Park will open early on Friday to admit those who want to see the trial races. At night the park will be thoroughly illuminated so that the thrill show will be visible from any place in the grandstands.

Midget trials will start at noon Friday. Lynch trials shows will be given Friday, Saturday and Sunday nights, starting at 8; and Saturday and Sunday afternoon, starting at 2:15 o'clock.

Maywood Park, where night harness racing is in its second successful year of operation, entered the third week of a 60-night season last Monday (May 26). Races are held at the North Ave. River Rd. plant at 8:15 p.m. nightly except Sunday.

The special feature of racing this week is a stake event, The Flossmoor, a 20 class pace which will pit in opposition some of the fastest horses assembled driving in the current meeting. The field of 12 will include three pacers who have already won at Maywood: Dale McKillo, Lincoln Cash and Jerry Strong.

A father-son combination is expected to show up in the starters for the Flossmoor in the persons of Archie Niles, of Northville, Mich. who will drive Dale McKillo and his 26-yr-old son Howard, ex-Army Sergeant, who will pilot Bon Air.

Leyden's 3-run 8th defeats Cards

by MARVIN PRELLBERG
The final was a sad story for Arlington, who had conquered the Eagles in two previous engagements by scores of 8-1 and 3-1, as the Cards were defeated in 8 innings of nerve-racking ball by a count of 13-10.

The game was truly a slugfest because the batsmen were aided by a strong wind blowing towards left and center, and the pitchers had little control tossing against the wind.

Leyden started the scoring with no hesitation in the first as Bolling, lead off man, was safe on a bunt. Miller then walked, moving Bollig to second. Blanchette then singled, scoring Bollig with the first run of the game. Burton smashed out a hit scoring Miller and Blanchetti for the third run, but when he attempted to come home in Graber's boulder to second, he was thrown out. G. Parzeik next hit a roller to Elmer Wille, who bobbled the ball, and Graber scored run number 4.

The Cards came right back in their half of the inning, scoring 7 runs on 7 safeties, including three triples. The rampage started when Burton Dahlstrom received a pass, then Bob Wille caught hold of one and sent it out to deep left for a triple, scoring Dahlstrom. Al Stroker then hit a sharp single down the left field line, scoring Wille. Gail Bach's hit moved him to second, and Elmer Wille knocked the second triple of the inning, driving in Stroker and Bach for runs number 3 and 4. With two out, Bill Robinson slammed triple number three to right center, scoring Wille. Bill reached home on Jim Goebbert's safety, who eventually went to third on Dahlstrom's hit. Goebbert hit pay dirt when Newman, Leyden's pitcher, balked to tally

LEN ARNOLD OF EDDIE'S LIQUOR TEAM IN THE ARRLINGTON HEIGHTS TWILIGHT GOLF LEAGUE HAD A NIGHT FOR HIMSELF LAST FRIDAY AND SHOT A SUB-PAR ROUND OF 34 INCLUDING FOUR BIRDIES. HE ALSO HAD A 31 NET WHICH WAS LOW FOR THE EVENING. TOM FLEMING SHOT LOW ALTERNATE NET WITH A SCORE OF 35.

marker number 7, and Heights was on top going into the second, 7-4.

Arlington collected 3 more counters in the second to push them out in front by a comfortable margin, 10-4. This rally started when Stroker and Bracke got on first after being hit by pitched balls. Elmer Wille then hit a sizzling double, tallying Stroker and Bracke. Wille then notched up the third marker, crossing home on a hit by Bill Lanciloti.

From the third on, the trouble started bursting for the locals as Leyden scored 3 runs in the third on a triple, two singles, and an error to make the score stand 10-7. However, more trouble appeared in the fourth for the Cards when Leyden made 3 hits good for the eighth run.

The fifth was a blank, but in the sixth Leyden tied it up when Burton slammed out a single with A. Parzeik and

OLD ORCHARD

DAILY FEE GOLF COURSE
On Route 12, one mile east of Arlington Heights
Golf Develops Vigor, Strength, Courage and Determination

Byron Clark of Leyden upheld the track prestige of the Northeast Conference last week end at the state meet by scoring seven points through a second in the 220 and a third in the 100 yard dashes. Clark is only a junior and will have another chance next year. Bob Farr of Niles who beat Clark in the conference 220 ran the 440 at the state

and finished fifth though he had the best time, .50.9 in the Friday qualifying races. Niles' relay team disappointed by taking fourth and losing to New Trier whom they beat in the district. We suspect that the strenuous Northeast Conference meet run between the district and the state in midweek cut down the Niles' efficiency inasmuch as they wanted most to win the conference championship.

Local conference stronger in track

Any way you look at it the class of track competition in the Northeast Conference has come up to a very high level the past two seasons. The Northwest likewise had good records in the league meet all the way down the line.

Dan Jones, athlete of the year in N. W. conf.

Dan Jones of Antioch certainly qualifies as the athlete of the year in the Northwest Conference. For three years straight Jones has won three events in the league track meet and each year he has broken a record. For two years he has been named on the all conference football and basketball teams. This year he won both the high jump and pole vault at the Palatine Reays in open competition in which 24 schools were entered. Jones will enroll at Northwestern next fall and should make a good college athlete.

Lake Forest miler wins scholarship o Princeton

Douglas Jameson of Lake Forest who set a new mile record of 4:38.7 last week in the oNthast conference has been awarded a \$800 a year scholarship at Princeton University. A m o s ones, one of the best tackles in Illinois last fall, will leave Lake Forest High to enroll at Iowa State College.

Al Cappelin of Northbrook, winner of one of the three Peppico scholarships in the State of Illinois in competitive examinations, will matriculate at Purdue next year. Cappelin is the third sport man. Happ, all conference tackle with Northbrook's conference champs is slated to enter the University of Iowa.

Dick Kolze, all-conference center on Palatine's team in basketball, has been accepted at Northern Illinois Teachers College at DeKalb and will study to be a high school shop teacher and basketball coach.

Jensenville VFW gives high school lighted football field

Bensenville high school will have a lighted football field next fall thanks to the efforts of the veterans of Foreign Wars who have raised the money necessary to give the Bisons a modern potball layout and are making gift of it to the school. Eight thousand dollars is a lot of money, but the Bensenville veterans' organization staged an annual carnival and numerous other benefits to put over a very worthy project. Our hat is off to the Bensenville VFW.

Vikings and Bisons tied s season nears close

It looks like a tie for first place in the Northwest Conference baseball race with the decision strictly up to Barrington this week. Northbrook and Bensenville split a pair of 1-0 games last week for their first defeat. If both beat Barrington on a second time this week they will finish on top for the season with 9-1 ratings. Barrington could take a share only by beating them both. This is not likely but they might knock off one of them. The same two schools dominated the league golf tournament Monday afternoon with Northbrook finishing a top ahead of the Bisons. Two rom each school took low score or the four medals.

County board concurs in appeal board report

A novel relationship, for in terlocking governmental bodies exists between the Cook county board and the Cook county Zoning Appeals board. This was never better demonstrated than at Tuesday's meeting of the public service committee of the county board.

Even members of the county board feel pride in the fact that they have never overruled the recommendations of the zoning appeals board, an official body but appointed by and inferior in power to the county board. It is headed by Robert Kingery, regional planning authority, and consists also of Andrew J. Dall-stream, Stephen M. Bailey, Russell B. James, and William L. Voss Sr.

Reporting Tuesday on a series of cases referred to it, the zoning board rejected completely only one petition for rezoning, although two were only given variations.

Petition of Alfred Busse had asked rezoning of the northwest corner of Rand and Central roads from farming to business to permit sale of the triangular 2/3 acre parcel, fronting 210 ft. on Central and 249 ft. 7 in. on Rand, for use as a gas station.

The report signed by Chairman Kingery and all the members pointed out that property

to the southwest, southeast, and south of the parcel involved were zoned and used for residences, except for the long-established radio station immediately south.

"The evidence shows two filling stations slightly more than one mile in each direction from the site on Rand road, and not less than five such motor fuel stations in the village of Mt. Prospect," said the report.

"All property owners have a right to rely on the stability of the zoning plan adopted by the county board and on the general rule that changes in classification will not be made unless necessary for the general public good.

"The evidence is not convincing as to the public need or general desirability of creating new business districts at this time on the property or in this area."

The villages of Mt. Prospect and Arlington Heights, and the City of Des Plaines were notified of the public hearings but were not represented and offered no subsequent objections, the report pointed out.

"The petitioners failed to show the proposed reclassification is in the public interest or in accord with objectives of the zoning ordinance or the statute authorizing same."

As it always has previously, the public service committee also concurred in all the other recommendations of its Appeal board.

In other north suburban cases, two rezoning petitions were denied with variations granted permitting the use requested for a limited time, three were allowed, and three new petitions were referred to the zoning board of appeals for public hearing.

One of the variations in place of requested rezoning was given to Walter Heinze, on a 100-foot wide by 250 feet deep parcel on the southeast corner of Rand road and Clarence ave., Wheeling township. He asked rezoning from farming to light industry, pointing out he had a least for that purpose. The appeals board granted a variation to the end of the lease, but pointed out that permanent rezoning will be "spot zoning, and less desirable than to authorize the use as a temporary one terminable according to the testimony."

The rezoning grants were headed by one to John C. and Corleta Brotzman, 852 South st., Elgin, from residence, 5 acres, to farming, on 4 1/2 acres on the southwest corner of Beverly rd. and Central road extended, in Hanover township.

This will permit construction of a radio transmitting station, including a 176-foot high tower with antennae reaching 27 feet higher and a small building for equipment to serve on estimated 50,000 people in the Elgin area with frequency modulation broadcasts.

The tower will "not interfere with aeronautical activities in the vicinity," the zoning board found in its report.

No objection was received from Elgin or Bartlett, and the proposed use "appears to be in harmony with the general development of the particular area in the public interest."

The Chicago and North Western railroad was granted a petition for rezoning of 3.11 acres in the triangle bounded by its tracks on the northwest, Milwaukee avenue on the north-east, and by Glenview road extended on the south, in Northfield township, from farming to light industry.

"There is evidence of its industrial character since 1909, with spur tracks connected with the railroad to serve as temporary contractors' set-up," said the report. "Glenview filed a written report of no objection. The evidence was convincing as to the general need and desirability."

Woolen Rules

Observe the woolen rules—luke-warm water for both suds and rinses, no rubbing or wringing, dry away from heat—for wool socks.

Stuff crumpled paper between the folds to speed drying and absorb the excess moisture which may cause streaks or the blurring of designs.

Questions on GI bill

This is another in a series of questions and answers regarding the rights of returning servicemen and their families, as answered by the Veterans Division, Illinois State Employment Service at 5306 W. Lawrence ave. Further information may be obtained by contacting this office.

Question: Is there anyone in the public employment office who especially handles the problems of veterans?

Answer: Yes—the Veterans Employment Representative who is a veteran himself.

Question: I am drawing Readjustment Allowance under the GI Bill and have not found suitable work. If I should seek employment in another state that offers the possibility of the type of employment that I am qualified to do, can I draw Readjustment Allowance in that state while I am seeking employment?

Answer: Yes. However, before you leave, you should notify your local employment office and tell them the reason for your leaving.

Question: am employed now, but want a better job. Will the Illinois State Employment Service make any effort to find me another job even if I am now working?

Answer: Yes—your application dard in file, showing your qualifications, and bearing a notation "that you are employed" but seeking other employment" will be considered in all openings available in the type of work you are qualified to do.

Question: If I am unemployed, available and willing to accept employment and am now drawing Readjustment Allowance under the GI Bill, can I take advantage of a correspondence course which pays no subsistence allowance?

Answer: Yes.
Question: I am just completing an on-the-job training course. Am I supposed to get any kind of written statement from my employer to show that I have completed the course satisfactorily?

Answer: Your employer must

Constitutional Changes
There were more amendments to the constitution adopted during George Washington's administration than under any other president. No amendments became effective under Abraham Lincoln. The 13th Amendment, prohibiting slavery, was not ratified until eight months after Lincoln's death.

Join naval reserve

The often expressed opinions of Naval Reserve enrollees is that "A strong Naval Reserve is our best assurance of maintaining the Peace," according to a recent announcement by officials of the Chicago Navy Recruiting Station. Recent enrollees from this locality are as follows: John Wolck of Mt. Prospect and Clint Heffern of Arlington Heights.

It was further stated that the Chicago Recruiting District again led the nation in Reserve enrollments during the past month.

Men with no previous military service between the ages of 17 through 40 are eligible for en-

rollment in the New Naval Reserve upon meeting the physical and mental requirements, and are in no way obligated to serve on active duty except during a National Emergency. Veterans of all armed forces may be enrolled without taking the physical examination. Complete information on the Naval Reserve program can be quickly secured by contacting the Navy Recruiting Station, 321 S. Plymouth Court, Chicago, or by dialing HARRISON 6886.

Auto racing at Milwaukee June 8

Wisconsin's greatest season of big car auto racing will get under way Sunday afternoon, June 8, on the fast one-mile dirt track at State Fair Park, Milwaukee. This national championship 100-mile classic is staged under the sponsorship of the American Auto Association.

Outstanding stars of the speedway world, including veterans from the Indianapolis 500-mile run and king-pins of the dirt track field, will assemble to try for points in the AAA's 1947 championship scramble and for their share of the prize purse.

The June 8 spectacle will be the opening feature of a season which will include several national championship events at Wisconsin State Fair Park.

Time trials for the purpose of reducing the large field to the 14 fastest cars will get under way at State Fair Park at 2:30 p. m. on Saturday, June 7, and will be free to the public. The lineup for the race the following afternoon has been set for 2:30 o'clock and the starter's flag will go down a half-hour later.

Mail orders may be sent to Marchese Brothers, 1133 S. 1st St., Milwaukee. Prices are \$4, \$3, \$2.50 and \$1.80, including tax.

Boasts Farm Income
Milk is one of the largest single sources of cash farm income and was 14 per cent of all farm income in 1946.

Pick coaches for prep all-star game July 1

Don Kolloway of the White Sox and Dick Wakefield of the Detroit Tigers have graciously accepted invitations to serve as rival advisory managers for the second all-star high school baseball game July 1 at Comiskey Park.

Kolloway will serve on the strategy board of the Suburban All-Stars and Wakefield will lead his cunning to the cause of the Chicago All-Stars.

The fans also will see these two stars in action that day because the White Sox and the Detroit Tigers will meet in the first game at 1:30 p. m. The prep classic, which will bring together the outstanding seniors of the Chicago area, will follow the major league contest.

The All-Stars will be selected in a secret poll by the players of the various leagues represented in the game. This is how the leagues have been apportioned for representation on the two squads:

Chicago All-Stars: Three players from each of the City League's four sections and two from Catholic League. Total, 14 players.

Suburban All-Stars: Four players from Suburban League and two each from Private School League, South Suburban, West Suburban, Northeast and Northwest conferences. Total, 14 players.

The outstanding player in the game, to be named by a board of baseball men, will be selected for the United States All-Stars to meet New York City's All-Stars in the Hearst National Boys Baseball Series championship game August 13 at the Polo Grounds.

Chicago's other representative in the national game will be Bill Skowron of the Herald-American's "Homerun King" contest last March.

An unusual feature is that July 1 will be "Ladies and School Children's Day" at Comiskey Park. Women and boys and girls of grammar school and high school age will be able to witness the thrilling doubleheader for only a 25-cent tax ticket.

Gems of thought

CORRECTING MISTAKES
Mistakes are lessons of wisdom. The past cannot be changed. The future is yet in your power.

—Hugh White.
None are too wise to be mistaken, but few are so wisely just as to acknowledge and correct their mistakes, and especially

the mistakes of prejudice.
—Borrow.
One should watch to know what his errors are; and if this watching destroys his peace in error, should one watch against such a result. He should not.
—Mary Baker Eddy.
Be not discouraged at broken and spilled resolutions; but to it and to it again!
—Coleridge.

Presenting the younger generation

The blonde haired blue eyed girl on the left is Leann Louise Peterson, 4 year old daughter of Mr. and Mrs. G. E. Peterson of 919 N. Highland, Arlington Heights. She is the first of our parade of smiling youngsters today.

Little Walter Osmond comes

next. This 9 months old son of Mr. and Mrs. W. E. Osmond has brown hair and blue grey eyes. He lives with his parents at 207 E. Clarendon, Prospect Heights. Though he is the youngest pictured today he certainly is equal to any for a nice big smile.

Donna Maxine Klapp, 2 year old daughter of Mr. and Mrs. H.

A. Klapp is the young lady with the bright clear eyed smile. Her hair is brown, her eyes blue. She lives at 5 N. Wille, Mt. Prospect. Mr. and Mrs. E. Freitag of 22 N. Wille, Mt. Prospect are the proud parents of the young man on the far right. He is Allen Freitag, age 4½. He has blonde hair and blue eyes.

Local wills filed

MRS. CARRIE FLEMING

Mrs. Katherine Thomas, of Glenview, is one of two heirs to the \$3,000 estate left by her half sister, Mrs. Carrie Fleming, in Joliet. The other heir is a brother of the deceased.

JOHN LORDEN

The will of John W. Lorden, who died in Chicago March 5 leaving a \$24,000 estate, gives a 1/25 share in his estate to his sister-in-law, Mayme Lorden, of Palatine.

MRS. ANNIE BOWMAN

The will of Mrs. Annie Bowman, who died in Cicero February 8 leaving \$10,000 in real estate, has been admitted to probate. She left her son, Robert E. Bowman, of Skokie, property in Cicero.

FANNIE MCGREGOR

Mrs. Fannie McGregor of Oak Park who died intestate March 31, left \$5,000, according to a Probate court report. Her heirs are three daughters, including Fannie Nielsen of Roselle.

OLIVIA TAFT

The estate of Olivia Taft, who died intestate in Chicago April 9, leaving \$10,000 has been opened in Probate court. Heirs listed are a nephew and fourteen second cousins. Included is Mrs. Llewellyn Owens, of Glenview.

TIMOTHY FAHERTY

The estate of Timothy Faherty of Chicago, who died April 6 leaving a \$22,000 estate, has been opened in probate court. His heirs are listed as a sister and three brothers, Patrick Faherty, Skokie, is a brother.

DONALD RISCHKE

The will of Donald L. Rischke, late of 1341 Jefferson st., Des Plaines, who died March 9, leaving a \$3,500 estate, has been admitted to probate. He left his entire estate to his nephew, Donald L. Rischke, of the same address.

MARY LEFFINGWELL

The will of Mary J. Leffingwell, who died in Chicago March 30, leaving a \$10,000 estate, has been admitted to probate. Among her bequests was one of \$1,000 to the First Church of Christ, Scientists, of Des Plaines.

ALICE FLINN

The will of Mrs. Alice Flinn, who died in Chicago March 31, leaving a \$20,000 estate, has been admitted to probate. She left it equally to her three children and the heirs of a deceased son. William Flinn of Skokie is one heir.

HARVEY DIBBLE

The will of Harvey M. Dibble, late of Arlington Heights, who died March 14 leaving a \$3,700 estate, gives his widow, Florence, now of San Diego, Calif., the amount of his estate, she would get by Illinois law if he had died without leaving a will.

EDNA WEST

The estate of Edna West, who died intestate in Chicago Dec. 18, leaving an amount not yet known, has been opened in Probate court there. Her heirs are two sisters, one being Mrs. Mabel Wood, 744 Arlington ave., Des Plaines.

BERTHA KASEKLAU

Catherine Kohfeldt, P. O. box 47, Des Plaines, is heir to the \$3,500 estate of her aunt, Bertha Kaseklau, who died intestate in Chicago May 7. Her estate has been opened in the Probate court.

MARK KASPAR

The will of Mark A. Kaspar who died in Morton Grove on March 19, has been admitted to probate. He left \$6,000 in real estate to his daughter, Evelyn Kaspar. His other children, Charles Kaspar, Lillian Kadlec and Emma Riley, all of Morton Grove, are to receive one-third shares each in his insurance policies.

ESTELLE O'NEILL

Roger C. Sullivan II, of Morton Grove, was left \$5,000 by the will of Estelle O'Neill, who died in Chicago April 19, leaving a \$230,000 estate.

BERTHA WITT

The estate of Bertha Witt, who died intestate in Chicago, April 6, has been opened in the Probate court at Chicago. Heirs listed are a brother, two sisters and a niece. The latter is Edna Schroeder, of Des Plaines.

CARL JOBST

Carl Jobst of Skokie, who died intestate April 2, left an estimated \$37,500 estate. His wife, Catherine, is his only heir according to the Probate court report when the estate was opened recently.

SUES FOR DEATH

Bernard F. Nerge, administrator of the estate of the late Emil C. Nerge, has sued the Chicago and Northwestern railroad company in Circuit court for \$10,000 damages for causing his death. The complaint states that on January 31 last the deceased was driving his automobile across the company's tracks at Elmhurst road, Mt. Prospect. Freight cars on a track near by obscured his view and hid an approaching train until it was too late to avoid it. The train hit his car and caused his death.

Live Longer

Since 1900 the life expectancy of whites in the United States has increased 60 per cent more for city dwellers than for those living in rural areas.

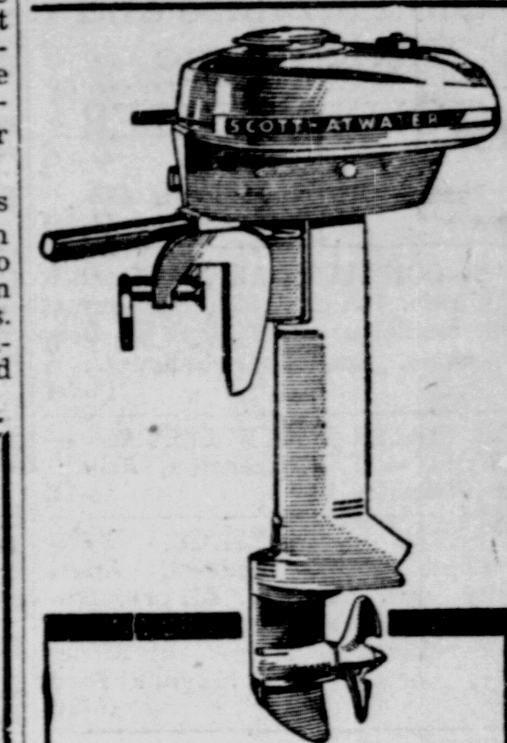

County board approves \$75,000 more funds for Roselle Rd. paving

Recent increases in highway construction costs were graphically illustrated last week when the county board set aside \$75,000 additional from gas tax funds to supplement \$51,260 earmarked on Sept. 4, 1946, for the improvement of Roselle road from Devon ave. to Palatine rd. The funds are being matched by the government under the Federal Aid to Secondary roads program enacted in 1944.

The letter to the board from Maj. George A. Quinlan, superintendent of highways, stated that bids have been received satisfactory to the state of Illinois and the Federal Public Roads Administration, but that they are in excess of the original estimated cost and cannot be awarded until the county appropriates enough money to cover its share.

On the request of the Illinois Division of Highways, Baldwin Road, from Roselle Road to Northwest Highway has been added to the state aid roads. This means that residents of Inverness will have a hard road to the highway.

Inverness to get road
Baldwin road extended from Roselle road to Northwest highway, has been added to State Aid Road No. 31, Greenwood ave., from south line of Section 28, Northfield township, directly north to Lake ave.

It's here!

YES... the Scott-Atwater, tomorrow's outboard motor, is here on display today! Now you can examine this sensational new outboard motor... new in engineering, new in design, new in performance. THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Arlington Heights, Illinois.

Mother says cars still pass stopped school bus in spite of recent Palatine boy's death

PASSING SCHOOL BUS

Monday morning, and incidentally, happens to be just two weeks since the fatal accident of Thomas Henker, I walked out to the highway with my 6-year old son to wait for the school bus.

The bus came, stopped and put out the "stop signal", at the same time a car came in back of the bus, slowed down and then pulled around the bus and kept going before the bus started up or had the stop signal pulled in.

I shudder to think what would

happen if my boy should have discovered the last minute that he had forgotten his lunch pail or his books, naturally he would have dashed out in front of the bus and again the same fatal accident would have occurred.

The irony of the whole thing is that most of the offenders seem to be our own home town people, as in this incident the party was a Palatine business man.

The law states you are not to pass up a school bus when it is stopping to pick up or leave off school children. Why not enforce this law? I'm sure if anyone who broke the law was made to pay a fine, there would be less offenders.

I think a good "slogan" for us all to remember is, "Children forget, but we must not."

A Palatine mother.

Your weekly treat recipe

With bananas and strawberries plentiful again, it's an excellent time to try this tasteful dessert. Banana delight is a surprising combination of the mellow flavor of bananas and the refreshing tang of strawberries. A good way to top off a warm weather meal.

Banana Delight
4 bananas (large)
1 quart strawberries
1 cup sugar.
Method: Slice the bananas. Put one half of these slices on the bottom of a baking dish—then a layer of strawberries (½ of the quart)—then a layer of sugar (½ cup)—then another layer of bananas—a layer of strawberries—the rest of the sugar on top. Bake for 20 minutes at 400 degrees. Chill. Serve with whipping cream.

Ralph T. Livingston, LaFayette, Ind. and Mary Smith, Arlington Heights.

Raymond D. Radkin and Laverne Kranz, both Des Plaines.

James W. Stanley, Skokie and Patricia Yunker, Chicago.

In the future

THINGS TO COME—A four-passenger canvas-covered rowboat which may be rolled up and carried in the trunk of an automobile is now in production. Mass production of a new gasoline-powered scooter. Pity the poor natural duck; he is soon to be lured by a new plastic decoy that will do almost everything except quack.

Husbands who are forever losing things will like the new "Vue-Bin," a handy container for holding small items such as keys, screws. For the kids, a toy scale-model of the latest Caterpillar tractor. The maker is licensed by Caterpillar. From Iowa comes word of a new water softener that fastens on like a faucet. Salt will revive the softener when exhausted. A self-contained furnace and boiler heater to heat and humidify homes.

Textile people are investigating a newly developed agent said to be "the perfect fungicide." The new product will mildewproof delicate fabrics and may also be used on sailcloth and tarpaulins. An effective moth-killer being exhibited at the British Industries Fair. It is supposed to kill moths in all stages of growth. The Bernhardt Company in Georgia is introducing an electric butter churner equipped with a three or five gallon jar.

Laundry business ever increasing

U. S. laundries had an all-time high business volume of \$738,238,000 in 1946, the American Institute of Laundering said today in reporting an annual sales survey. The total was 16.4 per cent higher than that of the previous record year, 1945.

The Institute, national trade association of the laundry industry, estimated the record wash involved 24 billion pieces of laundry totaling eight billion pounds in weight. Illinois volume was up 20.3 per cent over 1945.

Tales of the STREET

BY T. C. HART

GOOD WEATHER AHEAD

No matter what the weather has been for the last couple of months, and it's surely been such that it at least furnished the main topic of conversation during that time, better days are coming—warm sunny days that will make you forget all the misery of the past until you look at the field and gardens and see how backward they are.

Monday, June 16, Arlington Park opens its annual racing meet and Arlington Park is always blessed by fine weather. It may rain on opening day, it often has in the past, but after that comes a streak of ideal summer weather that's hard to beat. So better days are coming; the Arlington Park race meeting is only a couple of weeks away.

DOGS

Dog days are here—not the August kind when dogs go mad for lack of water during the hot weather, but the spring dog days when the loose canines rant all over people's gardens and flower beds doing a great deal of damage and causing gardeners and flower-growers to get mad and for very good reasons.

If people must keep dogs in town they should keep them confined where they won't be a source of damage and high blood pressure to all the neighbors.

SPRING BATTLE

A lot of interesting fights are taking place as usual this spring between the robins and the squirrels. Those two seem to be natural enemies in the spring time and many a hot scrap takes place when a flock of robins go after Mr. Squirrel for his raiding of the birds' nests.

Those squirrels are pesky animals when it comes to sticking their noses into something where they don't belong and when they get to raiding the robins' nests—they get into trouble.

Several people have reported that they have witnessed some stirring battles this spring between these age old enemies and it's usually the deprecating squirrel that takes to cover, using his speed and elusiveness in ducking around limbs and branches to try to get away from the irate robins.

COMMON ENEMY

Every once in a while we see an owl being beset by all of the rest of the bird kingdom. When an owl comes around the rest of birdland sounds the call for battle and robins, sparrows, blackbirds, blue jays and every other sort of bird within call will rally to the battle cry and come a winging to join in the fight against the common enemy.

We have seen birds come winging for blocks at the sound of the bird battle call to help out in the attack on an owl which by some deprecation or other had aroused the rest of the bird family to battle.

FUTURE AMERICA

Anyone who witnessed the fine youth parade at Palatine

Sunday could not have left that thrilling spectacle without having a renewed faith in the future of America. For two hours the youth of the 12th district of the American Legion marched through the streets and around the back at Ost field.

It was an inspiring sight and as those alert, keen-eyed youngsters of the many units swept by with bands playing, flays flying and attired in their gay uniforms, you had the feeling that America wasn't all "going to pot" and that the future of the nation would be pretty well cared for by these citizens of tomorrow.

Phillip Maxwell of the Chicago Tribune, the speaker of the day, gave an inspiring talk to the youngsters and their parents, pointing out that the frontiers of America had not vanished and that there was still plenty of things to challenge the youth of today who will be the citizens of tomorrow.

It was a great day, a great spectacle and it served notice to the world that the youth of America was on the march to keep this country the greatest nation of them all.

CROP OUTLOOK

The continued rains have not improved the crop outlook in these parts. Farm and garden plantings are away late and the prospects are anything but bright.

Whatever garden crops there are will be late as many gardeners have been unable to get their ground in shape yet and others who have made plantings have been drowned out. Every one interested in growing things is hoping for a spell of dry weather so that they can at least make some late plantings and maybe get something out of their gardens.

It Happened Here

Day Unto Day Uttereth Speech
"A green thot in a green shade"
An utterance by a slim grass blade,

Or the diviner, rarer speech
Of apple, cherry, plum and peach

In the full tide of vernal bloom;
Mysteries are woven on this loom.

Spilled fragrance of the wild
Craze's breath

Proclaims each hour, there is no death.

Day unto day, no speech is heard,
But here is penned the immortal Word.

With the first dandelion, Louis broke out with the urge to wrestle, like a spring fever, even before he hung his wraps, he tackled the nearest boy for a throw. This required patient and wise handling to restore the right Kindergarten atmosphere. The ill spirit seemed to have been laid on a day when Louis worked happily with his blocks, constructing a school and grounds; as a finishing touch he placed two clothes pin dolls in the yard. "See," he called to teacher, "them two — they's wrestling."

S'Amuser.

READING & WRITING

BY Robin McKown

The greatest, craziest, most dangerous, least stable, most spectacular, least grown-up, and most powerful and magnificent nation ever known. Those are the words which John Gunther uses to summarize these United States of America, in "Inside U.S.A.," the latest and longest of his famous "inside" series.

In preparation for "Inside U.S.A.," which will be the Book-of-the-Month Club June selection, Gunther spent thirteen months of almost continuous travel. He visited all of the 48 states—including New York City, which he calls the 49th. In great detail, he examined 38 out of the 43 cities over 200,000 in population. (He omits Washington, D. C., whose complexities will form the subject of another book.)

Everywhere, whether he talked with the local die-hard or the local radical, the state's governor or the hotel's bellhop, he sought the answer to such questions as, "What makes your community distinctive?" and, "Who really runs it?" Clifton Fadiman, in an advance report, comments, "If any single book can tell us what it means to be an American citizen, in concrete and current details, 'Inside U.S.A.' is it."

Some of his 52 chapters handle whole regions—the Pacific Northwest or the Middle West. Some chapters deal with great social experiments such as Bonneville, Grand Coulee, TVA, and the potential Missouri Valley Authority. Others deal with people. He gives a glowing sketch of Henry Kaiser, concluding with the comment that "American men of affairs are by and large more interesting than politicians."

The cleanest city he saw in America, says John Gunther, was Phoenix, Arizona; the most beautiful house he saw was in Princeton, New Jersey. The most crowded town he visited was San Diego, with Columbus, Ohio, as a second choice. St. Louis was the least crowded. He found the most unexpectedly good hotels in Denver, Salt Lake City, San Antonio, Kansas City, and Spokane. The best beef he ever ate was in Milwaukee, Wisconsin, that he ate his best single meal in America.

Fred Kunz sells business

Louis Joers, who became a resident of Palatine three months ago when he purchased the Nightengale farm, has returned to his trade by purchasing the painting and decorating business from Fred L. Kunz. Mr. Joers is a man with nearly 25 years experience in painting and decorating.

—1917—

District schools meet at Mt. Prospect

A beautiful May day favored the big gathering of 7 district schools at Mt. Prospect school campus May 25. It was the fifth annual school festival representing the schools of districts 23, Miss Rueberry, 26 Miss Gibson, 57 Miss Rickard, 58 Miss Corrigan, 59 Miss Henjes, 65 Mr. Clement and Miss Casey and 66 Miss Byrne.

When all were assembled the parade led by the band left school at 10 a. m. and after returning all joined in singing Star Spangled Banner. Then the different schools took part in a program.

Palatine's finances are good

Mayor C. DeWitt Taylor presents his annual report to the voters of Palatine in this issue. The total expenditures for general village purposes are nearly \$14,000 and for handling the board of trustees, including the president, received the sum of \$180 or \$26 each.

The water rents of the year reached the sum of \$3,244.64—the largest in the history of the village. This is \$600 in excess over all expenses of that department including a new dynamo, repairs on pump and other improvements.

\$2400 was paid to the Public Service Co. for light and power the past 12 months. \$80 was spent for road oil. In addition to that amount about \$1,000 was spent for street improvement.

The biggest one item of expenditure was for the public benefits, lawyers fees, printing and special assessments against village lots on account of the five new water mains that were laid last fall. The total of these is over \$2,000.

The general bonded indebtedness of the village is only \$4,300, which is being reduced at the rate of \$1,000 a year. If the present method of financing is maintained, and no big improvement is planned, Palatine will have the distinction inside of four years of being a city without a general debt.

—1917—

Itasca merchants to close at 6:30

On and after June 5 the following Itasca merchants have agreed to close their places of business at 6:30 p. m. every Tuesday and Thursday: Matt Kolder, C. J. Speckman, John Schuette, Wm. Bunge, Mensching Bros.

—1917—

JUST AROUND the CORNER

ear Jane:
To Todd school at Woodstock is week to see an exhibit of the elementary grades. Their teacher, Elizabeth Moir, is the daughter of a new Harvard acquaintance of mine.

Mrs. Moir, who spent five years as a student and instructor at the Art Institute, is a very talented young woman. Art boys are fortunate to have her as their instructor in the arts.

The children got most of the best matter for their current displayed paintings through a study of social science—geography, as Mrs. Moir indicated is called at Todd.

I was delighted with what I saw there. Not only were the paintings quite surprising in quality, but the entire atmosphere at the school (as much as was able to see in a short visit) was most pleasant.

I remarked to Rob, when we sat at dinner, that I felt I had been in another world (and not a usual school world) when I talked into the main building of this long established school. This building is called Allingford, and one might well imagine themselves in an old very lovely country home.

Everything about this dwelling is homelike in appearance. gracefully designed staircase the reception hall takes the first, and in my case, the second thing noticed, was the wallpaper in this hall and the paper on the walls continuing the second floor. It is a duplicate of the paper Rob and I use for the staircase in the use that Hazel and Howard purchased when we bought this home. It is called, "English garden," in the wallpaper trade.

and is a cheerful and colorful spray of garden flowers.

The living-room contains beautiful antique furnishings, as does the adjoining library. I was able to take only a peek in the refectory, where several tables, capable of seating eight to ten, had recently been removed of the luncheon dishes. There was a not-unpleasant smell of cooking in the offing.

It was in a recreation room directly off the dining-room that the art exhibit hung. This room is lined with pine panelling, and had a "lived in" look that must be distinctly inviting to young boys.

There is also a large dormitory on the first floor of this building. I could see the beds lined up behind the many low windows that open out on the veranda. At one of the bedside tables, a bouquet of tulips and daffodils nodded their heads. And this interest in flowers, which were displayed in every room, was one of the nice thoughts I took away with me when I left the school. Bowls of flowers can do more to make a house a home than anything else I can think of.

I would love to have visited some of the classrooms. Somehow, I have a feeling they are not the orthodox kind. Desks, I'm sure, would not be placed in straight lines, forming aisles in between. I can see informal-

ity abounds at Todd, and that there is a comradeship association between teacher and pupil.

That must be a delightful way to go to school. It should be easier to learn when tension is relieved. Isn't it a pity that we are in such a hurry to be thru with school, so as to get out in the world to make money, that we rarely relax or take time out to think or fully enjoy ourselves during these formative years?

Driving away from Todd school, I wished it were possible that more children could have the advantage of good instruction in the arts. Time and time again, what passes as an art lesson in many schools, is a half hour spent on Friday afternoon, during which period the children copy a cutout from some picture book, or perhaps try to duplicate what the teacher has previously drawn on the blackboard.

Such kind of presentation is worse than none at all, for it is neither constructive or inspirational, and certainly does not encourage a student to be creative and honest.

And now, my dear Jane, I must stop and go to the kitchen. A good neighbor presented us with a huge bag of asparagus from her garden, and we're going to have it for dinner. How we love fresh asparagus!

With love,
Mary.

YOUR DENTAL IQ

(Contributed by the Committee on Dental Health Education of the Chicago Dental Society)

Question: How do they keep teeth that are under straightening-bands from decaying?—D. D. Answer: Because the appliances used to straighten teeth afford catchholds for food, extra care must be used in keeping the mouths of the child who is under orthodontic care (straightening of teeth), fortunately visits the dentist much more often than does the average child. Thus he has the advantage of frequent dental prophylaxis (pro-fil-aks'-is). Some children are more susceptible to dental decay than are others.

D. Y. Burrill reports an interesting study on the effect of orthodontic treatment on caries (decay) susceptibility in the Journal of Dental Research. He made clinical and bacteriological tests of the mouths of 25 patients before and during the course of orthodontic treatment. Children who were very susceptible to decay became less susceptible during treatment. Children of low susceptibility tended to become more susceptible. A third group of high average susceptibility was unpredictable, changes occurring in both directions. An explanation suggested is that the increased supervision by the dentist kept the bad

deaths cleaner, while the appliances caused food traps in the otherwise naturally clean mouths.

Send huestions with self-addressed, stamped envelope, to Chicago Dental Society, 30 North Michigan Avenue, Chicago 2, Illinois.

Seek to eliminate death crossings in Lombard

Lombard's series of four "death trap" grade crossings over the Aurora & Elgin railroad west of Main street, scene of a series of fatal accidents owing to the futile and archaic warning devices, may be modernized according to a plan submitted by the road at a hearing of the Illinois Commerce commission in Chicago May 28.

Text of the proposal was submitted at the village board meeting. It calls, in brief, for closing the Lincoln and Edson avenue crossings, for installing automatic crossing gates at Elizabeth and Brewster avenues and for building a pedestrian walk along the north side of the right of way between Edson and Brewster.

Chicago objects to force sale of water to other villages

One of the talking points advanced in the village of Mount Prospect for annexation to the Chicago Sanitary District has been the need for improved sewage treatment and the possible need of additional water supply. If Mt. Prospect secured water it would connect on the City of Des Plaines water main. Senator Bidwell and the Illinois Municipal League is attempting to have the legislature pass a bill which would force any municipality obtaining water from the City of Chicago to allow a neighboring village to connect with such supply. The City of Chicago is opposing the bill, which he is advancing at this time to permit the village of Hillside to connect to the main of Broadway-Westchester.

Libertyville police save veteran who ran into lake

The life of Paul Wilhelm, Libertyville war veteran, was saved Sunday morning by Patrolman Richard Miller who dragged him from Butler lake. Wilhelm had run into the lake while being pursued by police and others. He had escaped from the Veterans' hospital at Downey. It was the second time within a week that Wilhelm had fled from Downey. The first time he was caught by police in the business area. Thursday he again gained his freedom. Sunday morning police received word that he was hiding in a barn on Butterfield rd. Chief Joseph Saam and Miller found him in the barn. He tried to elude capture but was placed in the squad car. At the rear of Village hall he made a break and ran west. Miller gave chase and was joined by several persons who were near by. Saam followed in the squad car. When Miller reached the lake Wilhelm was submerged, with only part of one arm protruding. Miller lifted him above water and dragged him to shore. Artificial respiration was used by the patrolman and the rescuator was brought to the lake by firemen. Wilhelm recovered and was returned to Downey.

21 township roads to be improved with gas tax money

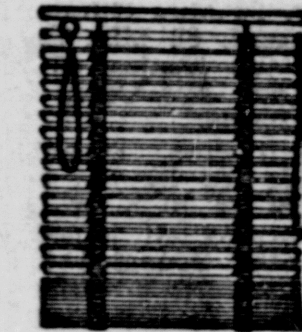

The county board last week concurred in the designation of 21 miles of feeder and secondary roads in suburban townships for improvement through a \$90,943 fund allocated by the state. The allocation is under an act passed in 1945 appropriating \$15,000,000 of state funds for such roads. Under the provisions of the Act, the County Superintendent of Highways, in cooperation with the 30 township highway commissioners, designated the roads to be improved and prepared plans for their surfacing with all-weather surfacing material. The roads are to be given a bituminous surface treatment on a crushed stone base course. All plans, specifications and estimates for these improvements have been approved by the state highway department. Roads to be improved in the north suburban townships are: Elk Grove, Wille road, from Elmhurst road to Mt. Prospect road. Hanover, Naperville road, from West Bartlett road to DuPage county. Maine, Grove avenue road, from Rand road to Woodlawn avenue. Maine, Hawthorne Lane road, from Rand road to Sherwood road. Northfield, Meadow Lane road, from Central road to Greenwood avenue. Palatine, Inverway road, from Palatine road to Baldwin road. Palatine, Ayershire Lane road, from Inverway to Inverway. Palatine, Plum Grove road, from Algonquin road to Meacham road. Palatine, Stuart Lane road, from Inverway to Inverway. Palatine, Thornhill road, from Inverway to Inverway. Wheeling, Cleveland avenue road, from Elmhurst road to Wheeling road. Wheeling, Hillside ave., from Olive avenue to Marion street. Wheeling, Marion street, from Hillside avenue to Wheeling rd. Wheeling, Lee street, from Gregory street to Foundry road. Wheeling, Morrison avenue, from North Lee street to Des Plaines River road. Wheeling, Woodland Drive rd., from Morrison avenue to Foundry road.

Bursting fire hoses thing of the past

A new device that will protect firemen from the serious dangers of bursting hoses, a too-often fatal mishap at big fires, and avert thousands of dollars of damages has been developed at the Northwestern University Technological institute. The device, called a sealed air chamber, reduces the pressure wave of water inside a fire hose when it is shut off at the nozzle. The device also eliminates vibrations and knocks heard in home and apartment plumbing systems when faucets are turned off. Firemen entering burning buildings with hoses often shut the nozzle while they stop to hack or chop or travel from room to room. Many have lost their lives when the water pressure burst the hose, leaving them stranded without a weapon of protection. The device eliminates this danger and fire-fighting delays while hoses are replaced. The sealed air chambers, a metal cylinder about a foot in diameter and from 9 to 18 inches high, is connected to the fire truck pump. In plumbing systems, it is connected to the pipe near the faucet or valve. In side the chamber a bellows in a pocket of compressed air is filled with water forced in from the hose or pipe. When nozzle or valve is closed, the pressure wave rushes into the bellows and is cushioned by the compressed air.

School building costs drop — it says here

Board of Education of the Glenview schools at a meeting last week discussed reported reduction in building costs. High costs have held up the building of the school at Waukegan road and Lake avenue. One contract bid is yet to be received by the board and it is believed that this may be favorable, which would enable building of the school. The board has learned that a school is being built in Barrington at a cost of approximately one-half the contract figures given several months ago.

Notice

Take notice that an application for retail liquor dealers' license outside incorporated village or town in Cook County has been made by the following:

Philip Saporito "Inverness Golf Club," Roselle Road South of Baldwin, Palatine Township, Palatine, Illinois. Objections to the granting of such license may be made to the President of the Board of Commissioners of Cook County as Local Liquor Control Commissioner in writing and signed by the objector within five days stating specifically the grounds of objection. WM. H. ERICKSON, Cook County Liquor Control Commissioner.

ANSWERS ON CLASSIFIED PAGE

County denies request for banquet hall near Bartlett

Cook County Zoning Board of Appeals has denied the petition for the banquet hall near Bartlett submitted by Harry G. and Caroline Benhart, of Roselle, who wanted to erect a 40 by 80-foot building 600 feet northwest of the intersection of U. S. Highway 20 and North Ave., in Hanover township.

The zoning board found no public need or general desirability of such use on "petitioner's property or in the area." On a plot 200 by 300 feet, part of the Rosa H. Jones acreage, the Benharts submitted to build a banquet hall for "wedding parties, anniversary parties, wedding receptions, dances" and other affairs.

"Reclassification of petitioner's property would establish an isolated business and would be a case of 'spot zoning,' that is the classification of small detached areas differently from the classification accorded adjoining and nearby lands," the zoning board declared.

"It is generally recognized that such zoning is undesirable." The Village of Bartlett, which has a zoning ordinance and whose boundaries lie within 1 1/2 miles of the property, officially objected to the change. Moreover, the board found, "all property owners have a right to rely on the stability of the zoning plan... and upon the general rule that changes will not be made unless necessary for the general public."

Barrington to assist French schools

Barrington children will start bringing their pennies, dimes, and quarters to school this week to help support the drive to aid the destitute schools of war torn Europe. Three schools in France one with 48 boys, another with 55 girls, and another with 87 boys and girls, have been assigned to Barrington, and the goal will be \$500.

Public Service to honor war dead

A bronze memorial plaque honoring 31 employees of the Public Service Company of Northern Illinois, nine of whom were from the Northern Division area, who died in World War II and paying tribute to 1290 employees who served in the Armed Forces will be unveiled at a special dedication ceremony on Thursday, May 29, at 4:15 p. m., at the Company's Northern Division Headquarters at Skokie Blvd. and Dundee rd. in Northbrook.

Participating in the ceremony, which will be attended by some 500 employees from the Northern Division area of the Company, will be Rear Admiral E. C. Ewen, USN; Dean Howard E. Ganster of Waukegan; V. B. Leister, Manager of Industrial Relations and C. E. Parker, Division Vice President of the Company.

Following dedication of the plaque by Mr. Parker, it will be unveiled by two women employees, Catherine Johnson, who served 2 years as a Wac and Elizabeth Carlson, who was a member of the Waves for 3

Questions on G. I. bill

Question: My husband lost both of his legs in World War II. He has not filed his application for an automobile, which, we understand, was authorized recently by Congress. Can he still do this?

Answer: Yes. World War II veterans who have lost the use of or lost one or both legs through service-connected injuries have until June 30, 1947 to file claims for an automobile or "other conveyance" at government expense.

Question: The body of my son, who was killed in Europe, is being sent home for burial. Am I supposed to make arrangements for a casket, or does the government take care of that?

Answer: The remains of overseas deceased of World War II are being returned to this country in caskets which are designed to be utilized for final burial in this country.

Question: I am going to continue my schooling through the summer and I don't want my subsistence allowance to be interrupted. Do I have to notify the Veterans Administration of this?

Answer: Yes — you should report this fact to your Veterans Administration Training Officer as soon as possible. Payments will be discontinued at the end of the current term unless such notice is received.

Question: I am World War I veteran and have been carrying United States Government Life Insurance. My policy expired in March of this year and I would like to renew it. Can this be done?

Answer: In accordance with a

Growth of Lutheran youth organization

The International Walthers League, the officially recognized youth organization for the Lutherans of the Missouri Synod, recently announced that the 3,000th society had received its charter. Organized in 1893 in Buffalo, New York, the International Walthers League today numbers a membership of approximately 80,000. Headquarters for the Walthers League are at 875 N. Dearborn, Chicago, in the Lutheran Youth Building, erected in 1942, at a cost of \$125,000. The Lutheran Youth Building will be enlarged in 1947 by the addition of a third floor. Funds for this project are being collected among Walthers Leaguers throughout the United States and Canada. Special project of the Walthers League is the Wheat Ridge Foundation. Included in the Wheat Ridge Foundation program is a 110-bed tuberculosis sanatorium at Wheat Ridge, Colorado. In addition the Foundation sponsors scholarships to develop medical social-service workers for use in the fight against tuberculosis. The Walthers League also fosters Lutheran Service Volunteer schools at various colleges and universities in North America. At these schools Lutheran youth learn latest techniques in youth work. The official magazine of the Walthers League is the Walthers League Messenger which has the largest circulation of any Protestant youth publication in the United States. The next convention of the International Walthers League is scheduled for Buffalo, New York, July 7 to 11.

A color guard from the Waukegan Homer Dahlinger Post No. 281 of the American Legion will also participate in the ceremony. Following the dedication the bronze plaque will be permanently installed at the Division Headquarters building.

Six Room Efficiency Features
"Perfect" Dwelling in Home Show

UTILITY 12 x 15 KITCHEN 9 x 10 BATH 5 1/2 x 6 BED ROOM 10 x 10
LIVING 12 x 20 DINING 8 x 12 BED ROOM 12 x 12

Six room efficiency provides the \$10,000 perfect home to be displayed at the Chicago Home Show from May 17 thru 25 at the Coliseum, with extra features not usually found in modest-income housing.

This is indicated by the floor plan, above, of the home which was selected by the Chicago Metropolitan Home Builders Association as the ideal kind of dwelling for the average veteran's family.

Built on a horizontal—one story, no basement—plan, the home includes two bedrooms, a living room, a dining alcove, kitchen, bath, heating unit, and an all-purpose utility room.

Fits Particular Need
The 12x15 utility room provides many of the "wish-we-had" generally omitted from low cost homes. Officials of the Home Builders association point out that the room might be used to fit any specific need of a particular family.

The nature of the room is such that it can be utilized as a play room, game and recreation room, rummup room, hobby room, sewing, extra bedroom, or a mud room where wet clothing may be hung. It is covered with waxed asphalt tile that can be cleaned easily. In addition to its luxury functions, the utility room substitutes for the usual basement.

Open for Free Inspection
The full-sized home, complete with up-to-date furnishings, appliances, etc., will be built on the Coliseum floor and will be open for free inspection to everyone attending the Home Show.

In addition to the home, a display of products of the nation's leading suppliers for the home will highlight the show, the first held in Chicago since the war. As a result, Chicago Home-makers will see, for the first time, post-war advances in home equipment, planning, etc.

Side-dressing corn produces good results
Experimental trials have shown that supplementing the soil supply of nitrogen by side dressing during the growing period for corn is a good practice. Nitrogen added in this way also increased the response of the crop to phosphate and potash fertilizers.

A. L. Lang, agronomist, Illinois Agricultural Experiment Station, adds that most good, well-managed, corn-belt soils can supply plenty of nitrogen for the early growing period, but unless the management is above average the supply may run out toward the end of the year. Where the soil cannot supply sufficient quantities of nitrogen for the entire growth of the plant, side dressing during the second or third cultivation should therefore be effective. Side dressing is applying the fertilizer in a continuous band near the row or hill after the crop becomes established and during the early growing period of the plant.

Corn, as a nonlegume crop, is unable to take nitrogen from the air, and therefore must get its entire supply from the soil. And, belonging to the grass family, corn requires relatively large quantities of nitrogen to produce the largest yields.

Corn growers know that the soil must supply nitrogen to the corn crop during July and early August in much greater quantities than is required during the earlier part of the growing season.

Describing a study of side dressing carried on in 1946, Lang said that 40 pounds of elemental nitrogen supplied in 125 pounds of ammonium nitrate side-dressed at the second cultivation was as effective as any other rate or any other time of application used in the tests. Forty pounds of nitrogen side-dressed at the second cultivation in this experiment was also just as effective as 80 pounds broadcast either before plowing

or at any period after plowing during the growing season of the corn crop.

Accident toll increasing on local farms
Farm resident deaths from accidents increased 9 per cent in 1946, as compared with 1945, the National Safety Council said today. The 1946 toll was 18,500 as compared with 17,000 for 1945. Practically all of the increase was the result of an upsurge in the number of farm residents killed in motor vehicle accidents. The motor vehicle total for 1946 was 7,000, as compared with 5,500 for 1945.

"This indicates that farm people must be more careful on their way to and from markets, while pleasure riding, or while crossing the highways," said Ned H. Dearborn, president of the National Safety Council. "It is probably true that more farmers are driving cars than ever before, but that only emphasizes the need for greater caution, courtesy and common sense. National Farm Safety Week, proclaimed by President Truman for July 20-26, should encourage farm people to brush up on their own working and living habits and hazards around their farms."

Highlights of the annual farm accident report follow:

1. Deaths from farm home accidents remained unchanged at 6,500, with approximately 1,000,000 non-fatal injuries.
2. Motor vehicle fatalities rose from 5,500 in 1945 to 7,000, an increase of 27 per cent as compared with 18 per cent for the remainder of the nation.
3. Farm work deaths from

Neither school districts nor bond holders will suffer a loss by the removal of property caused by the condemnation of land for the Orchard airport, if recommended legislation goes through.

The Chicago city council recently approved a recommendation of the corporation counsel requesting the council to ask the state legislature to permit the city to pay taxes to certain school districts.

"Most of the bonds are owned by pension funds," said John Mortimer, assistant corporation counsel, "and it would be unfair to deprive these organizations of their investment. Further, the city would be likely to face law suits which would delay condemnation proceedings and hold up the building of the airport."

to three inches tall. The plants that are chosen to remain should be disturbed as little as possible. Late thinning or "blocking out" may result in serious damage to the remaining plants.

Protected against loss when airport extension starts

Direct seeding of tomatoes
During the past ten years there has been a marked revival of the old method of seeding tomatoes directly in the fields or gardens. In certain areas of Ohio and Indiana, large acreages of canner tomatoes are direct seeded every year. During the war period when Victory Gardeners could not buy tomato seedlings of any kind they were instructed in the art of direct seeding. Many of these plantings failed because of unfavorable conditions or because the work was not properly done. However, many others were very successful, although the crop was late.

Direct seeding is not generally recommended. It is not practical in hard lumpy soil or in soils that are very weedy. Direct seeding is recommended when conditions are favorable and satisfactory seedlings for transplanting are not available.

Prepare the seedbed very carefully. The seeds may be planted four to five to the hill, or they may be drilled very thinly in continuous rows. Take necessary precautions to prevent the soil crusting or baking over the seeds. Direct seeding should be done as soon as danger of frost is past. This period is about two weeks earlier than that in which seedlings are transplanted.

Thinning the plants in the hills or "blocking out" the plants in the rows should be done when the plants are two

accidents was held to the 1945 figure of 4,500 deaths, but since 1,000 of these were motor vehicle deaths on the job, there were actually 100 fewer work deaths on the farm itself than in 1945.

4. Farm work deaths were 27 per cent of the nation's occupational death total.

5. Agriculture, with more workers than any other industry, had a death rate per 100,000 workers of 54, as compared to the all-industry rate of 31.

6. Public non-motor vehicle deaths, such as drownings, took 1,500 lives, an increase of 7 per cent over the preceding year.

7. Fire destroyed farm property valued at \$90,000,000 in 1946, one-sixth of the national fire loss.

Arlington public schools hold annual grade play day

Wednesday afternoon, May 14, was spent by the seventh and eighth graders of the Arlington public schools in a series of athletic events sponsored by the physical education department. Robert Campbell and Miss Lucille Hagman planned and conducted the program, with the assistance of the other upper grade teachers and the building principal.

This was the first activity of this type which has been held locally, but the enjoyment and enthusiasm exhibited by the students guarantee its being an annual event in the future. Every boy and girl in the upper grades had the opportunity to select four events in which to compete, which made for a full afternoon of wholesome competition. Refreshments were served by the school at the close of the program.

Ribbons were presented to the winners in each event. Names of those who placed first, second and third in each event follow:

BOYS
100 yard dash: Eighth grade: Ronald Tossman, Ronald Tossman, Jim Blackburn.
Seventh grade: Mike Theis, John Cooper, Jack Cavanaugh.

Shot put: Eighth grade: Jim Schwartz, Joe Hipp, Arnold Kost.
Seventh grade: Mike Theis, Walter Grever, Tom Cooper.

High jump: Eighth grade: Warren Lattot, Ronald Tossman, Dick Ehrhorn.
Seventh grade: Richard Carlson and John Cooper, tie; Bradford Godfrey.

Broad jump: Eighth grade: Bob Evans, Jim Schwartz, Bill Cutler.
Seventh grade: Steve Mundy, Louis Barlaussen, Jack Cavanaugh.

Free throw: Eighth grade: Gerhart Deininger, Arnold Kost and Bob Evans, tie.
Seventh grade: Robert Chamberlain, Lawrence Johnson.

Relays: Eighth grade team I: Ronald Tossman, Ronald Prellberg, Ronald Baumann, Joe Hipp.
Eighth grade team V: Harry Griffith, Jack Martin, Melvin Landmeyer, Ward Knocemus.

Seventh grade team I: Billie Cutler, Warren Lattot, Jan Behrens, Bob Blohm.

Seventh grade team II: Louis Barlaussen, Lawrence Johnson, Steve Mundy, Andy Cochran.

Seventh grade team V: Mike Theis, Dave Helfers, Donald Keppeler, Walter Grever.

Seventh grade team I: Bill Lynk, Leroy Fredericks, Bradford Godfrey, Blyth Morrow.

GIRLS
High jump: Eighth grade: Lois Sode, Emilia Silvestre, Barbara Emrick.
Seventh grade: Pat Gieseke, Erica Jung, Dolores Graf.

Shot put: Eighth grade: Pat Ryden, Martha Collins, Joyce LaBantachnig.
Seventh grade: Shirley Incapreo, Julie Hinds, Rose Carpenter.

50 yard dash: Eighth grade: Barbara Emrick, Diane Ashe, Lois Sode.
Seventh grade: Pat Gieseke, Gloria Haemker, Elaine Duenn.

Free throw: Eighth grade: Marilyn Franke, Marilyn Young, Jean Bates.
Seventh grade: Joan Lingren, Elaine Duenn, Dolores Trast.

Baseball throw: Eighth grade: Audrey Schuman, Joyce LaBantachnig, Lois Wartenberg.
Seventh grade: Pat Gieseke, Jackie Laehring, Julie Hinds.

Relays:

Former Mt. Prospect mayor helps to kill own zoning ordinance

I. E. Besander, former Mt. Prospect mayor was a witness for the Judge Quilicci in his suit against the village of Mt. Prospect to have a zoning ordinance declared illegal as far as same applied to three lots owned by him for which he had a buyer. The judge won the case.

The ordinance in question was passed in 1944 while Mr. Besander was mayor and rezoned 300 lots to residential. Quilicci claimed that the present zoning ordinance limited all business to a small select area, owned by a few persons, who were able to demand high prices and to control business operations within the village.

High school music department enjoys successful year

by CAROL MILLER

One of the most active departments of the Arlington Hts. township high school is the music department. It is under the direction of Frederick C. Schmoeyer who has been head of the department for two years. Since his arrival, many new musical groups have been formed. There are three choruses, band, string ensemble and several small groups.

The Mixed Chorus is composed of fifty-two boys and girls. This is one of the very popular choruses with the student body. The Girls Chorus consists of sixty-eight voices. The Boys Chorus is the smallest chorus, twenty-six members, and was formed this year. Each of these groups meets five times every two weeks.

The band, with 48 members, meets each day. The string ensemble, nine members, also meets each day.

All of the groups receive some fraction of an academic credit for their efforts each year.

One of the most popular music groups at the high school is the triple trio. It is made up of nine girls, three sopranos, three altos and three second sopranos.

The music department has given two complete concerts this year and has performed for the open house nights and for many other events. There are plans for another concert to be given soon.

Recently the department sent several groups and individuals to contests at Highland Park sponsored by the Illinois Educational Department. The preliminary or regional contests for the individuals and smaller groups took place on March 29th, while the contests for the larger

Glen Ellyn. The Rt. Rev. Geo. Casey, Vicar General of the Archdiocese, the Rt. Rev. Walter Fasnacht, Consulor of the Archdiocese and formerly pastor at Glen Ellyn, the Rt. Rev. Wm. O'Connor, Archdiocesan director of charities and the Rt. Rev. J. Neumann, pastor of St. Joseph church, Wilmette, will be among the distinguished guests.

Dinner will be served at 2:00 p. m. in the church basement. Plans for a complete school unit, including a convent for the Sisters who will staff it are now being drawn and building will begin next spring.

groups were held April 19.

Those participating in the state contest on May 8, 9 and 10 at Canton, Ill., that took first place medals at Highland Park are: Jean Faulstich, piano; Dick Everett, piano; Frank Fyttek, violin; Norman Spratt, trombone; The woodwind trio, the girls ensemble and the boys chorus. Of these, Dick Everett and the boys chorus took first place at the state contests.

Shingle Stain

Wood shingles may be finished by the use of shingle stain, which is obtainable from paint dealers in a selection of colors. If the shingles are to be stained before being applied to the building, they may be dipped in the stain. If already in place, the stain may be brushed on, as it is thin enough to flow into the interstices between shingles.

**OVEN COOKING
MAKES GOOD USE
OF TIME AND FUEL**

Menu

Salmon Loaf
Escalloped Potatoes
Steamed Yellow Turnip
Crumbly-top Apple Pie
Coffee

Make economical meal-planning with an eye to cutting down fuel consumption part of your homemaking program. Try this menu with foods selected to cook at 350° . . . just watch the timing and you'll be sure of a delicious, cold-weather dinner.

Cooking an entire meal at once takes very little more fuel than would be used in baking or roasting only one food. Oven meals are easy to prepare, too . . . often you can plan a menu which will allow you to be out of the kitchen for an hour or more at a time while the food cooks. Substantial, nutritious and satisfying, this is the type of meal which saves pennies yet wins praise from your hungry family!

So, whenever possible, plan an easy oven meal. It's a wonderful way to get the most from your food budget, as well as to conserve fuel.

1. Where should the candles be placed on the buffet supper table?
2. In what way can a business man dispose of a tiresome caller?

3. Is it all right to remove seeds from the mouth with the fingers, when eating an orange at the table?
4. Is it proper to honk the horn when calling for a guest whom you are taking for an automobile drive?
5. How should a letter be folded and placed in the envelope?
6. Is it permissible to mash food with the fork?
7. If a woman is a house guest and her hostess has no servants, should she help with the house work?
8. Is it all right to use a piece of bread to take up the last bits of food on one's plate?
9. Should "Mr." be printed on the personal card of a young man?
10. Is it all right to ask an usher to close a window in church if one is annoyed by a draught?
11. When should a letter of thanks be written to a hostess in whose home one has been visiting?
12. Is it permissible for the maid of honor to wear a gown of unrelieved white at the wedding?

ANSWERS

1. This depends upon whether single candlesticks or candelabra are used. An attractive decoration is to place a single candlestick at each of the four corners of the centerpiece of flowers. 2. If rising is not effective, the business man is justified in frankly telling the caller that he is very busy. 3. It would be better to use the spoon with which the orange is being eaten. 4. This is an extremely discourteous act, and too often done. The correct thing always is to ring the doorbell. 5. The letter should be placed in the envelope so that when taken out it needs only to be unfolded to be read, without having to be turned around. 6. No; and neither is it good form to turn the concave side of the fork up and pile it with food. 7. Yes, or at least make a sincere offer to help her hostess. 8. No; eat all that is on your plate if you wish, but do not scrape the plate. 9. No; he simply has his name written in full. 10. It is more considerate to change your seat. There may be other people seated near you who are enjoying the fresh air. 11. Immediately upon returning home, at least within two or three days. 12. No; only the bride should wear white.

School consolidation approved by voters near Libertyville

Voters of three school districts last week decided to consolidate. The districts are Ivanhoe, Murray and Maple Grove. The election was held in the Ivanhoe school. There were 214 votes in favor of consolidation and 54 against. On May 31 from noon until 7 P. M. there will be an election of directors for the consolidated school. This will be held at Ivanhoe school.

FASHIONS

Sharkskin striped chambray, shown above as pictured in the May issue of Good Housekeeping magazine, is summer perfection. Slim sun dress with its own belted jacket turns it into a suit. Giant patch pockets below waist, two small ones above; bound buttonholes.

Journal of a Bird Watcher

F. J. FREEMAN

June (1946)—Even as spring bursts upon us in full bloom while we have been fighting a rear guard action with the tag end of winter, so, too, the bird watcher realizes in June that while he was watching for the last migrants to arrive, the early birds have nested and reared a family of fledglings already in flight.

June 3rd—Cornelia and I drove to Barrington and had a laugh at a grebe in the slough. The pied-billed grebe is a small duck-like bird which the ornithologists declare are very close to the reptiles in the order of things. Their feet are excellent for swimming, but practically useless out of water. They dive for fish with more alacrity than any duck, and they can also submerge their body like a submarine and have only a periscope head and neck showing. This grebe we were watching was working on a chubby fish about four inches long, dousing it in the water and trying to swallow it, when another grebe swam up from under and behind with the evident intent to surprise and get the fish. No. 1 grebe, though surprised, got away with the fish by half flying and half "running" over the water. No. 2 grebe in a seeming fit of temper, pulled his brows down in a scowl, that is, pulled his head down between his shoulders, and without moving from the spot churned up the water behind him like a stern wheeled steamer. I imagine, if he had been a man, he would have kicked something and sworn.

June 16th—Drove out by the Fox River with friends today and heard the rose-breasted grosbeak sing. Its song seems to be midway between that of an oriole and a robin.

June 17th—What a find today at the Barrington slough! John and I saw a pair of yellow-headed blackbirds! They have a truly yellow head, neck and breast, the rest of the body being black except for a square of white which flashes on their shoulders as they fly. Also had fun watching a Florida gallinule wading and feeding along shore close to the highway. This bird closely resembles a coot at a distance as to size, color and action except that where a coot has a white face, the gallinule has one like red sealing wax. This one that we were watching was close enough to see its bright green legs and bright red knees as it stepped along eating water plant nodules. The gallinule gives a sort of hysterical cackle as, indeed, what women would not that wears bright green stockings up to her bright red knees!

June 22nd—Drove thru the fields in what used to be the Curtis' farm, east of State road and north of Route 58. Saw a pair of upland plover and two singles. One of the singles had a lone chick which looked like a small edition of a young, fuzzy turkey chick. This is the first I have known of the plover's nesting around here, and may "their tribe increase."

June 26th—Identified the Savannah sparrow today. It is one of those streaked sparrows with a weak, buzzing song about as musical as a telegraph operators instrument.

June 27th—Noted four family groups today: one included six thrashers, another six waxwings, another fourteen teal, and another four grebes. Also immature black terns blotched brown, grey and white; also a wood duck.

Libertyville starts improvement of own sewer system

First steps to improve and enlarge the sewer system in Libertyville were taken by the Village board. This action followed a warning from the state sanitary board that no sewer extensions would be permitted until facilities to prevent pollution of the Des Plaines river are provided.

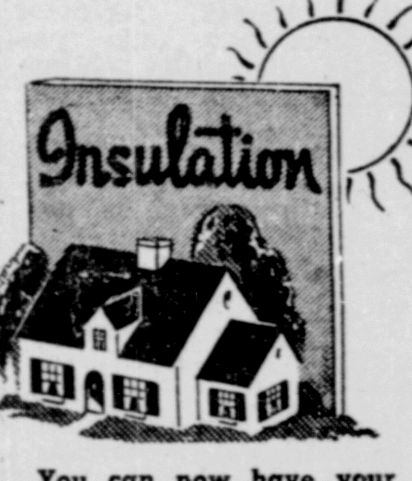

The board voted to employ the firm of Conser, Townsend and Associates, consulting engineers of Chicago, to make a preliminary survey. The engineers will inspect the entire sewer system in the village, including the two treatment plants, make recommendations for improving and enlarging the plants, give estimates of the cost, suggestions for financing, and advise what is required to meet sewage disposal needs for several generations. The cost of the preliminary survey will be \$750 and the first report will be submitted to the trustees within 30 to 45 days.

THEY STILL DO

In many parts of the world hemp was used for pipe smoking long before tobacco, according to the Encyclopaedia Britannica.

duck.

June 30th—As a result of a newspaper article about birds, Bill Turner of Mt. Prospect, home on leave from the navy, looked me up, and we went birding this Sunday. Went up around Barrington and Palatine and were fortunate in finding the yellow-headed blackbird again, the black-crowned night heron, long billed marsh wren, wood duck and juvenile pied-billed grebes. While back of our house in the woods, we went to see the nest of the red-shouldered hawk and saw the three fully feathered young standing around watching us.

Lesson in English

by W. L. GORDON

WORDS OFTEN MISUSED
Do not say, "I saw a pair of twins." Pair of is tautological, as twins implies a pair.
Do not say, "He took the paper off of the table." Omit of. Say, "He took the paper off the table."

Do not say, "The two chairs are both alike." Say, "The chairs are (omit both) alike," or "Both chairs are alike."

Do not say, "His manners were aggravating." Say, "His manners were provoking." Aggravate means to make worse, as an illness, a wound, or a mistake.

Do not say, "Charles and I did the bulk of the work." Say, "Charles and I did the greater part of the work."

Do not say, "We are not going any place today." Say, "We are not going anywhere today."

WORDS OFTEN MISPRONOUNCED

Parquet. Pronounce pa-ka, first a as in ah, second a as in cake, accent last syllable.

Epitome. Pronounce e-pit-o-me, both e's as in me unstressed, i as in pit, o as in obey, accent second syllable.

Terrible. Pronounce first e as in tell, not as in term.

Era. Pronounce e-ra, e as in me, a as in ask unstressed.

Fortuitous. Pronounce for-tu-i-tus, o as in for, first u as in cube, i as in it unstressed, accent second syllable.

Parliament. Pronounce parliament, a as in ah, i as in it, and not par-li-a-ment.

WORDS OFTEN MISSPELLED

Blonde (noun). feminine. Blond, masculine. Pantomime; mime, not mine. Muscular; ar, not er. Meat (food). Meet (to come in contact with). Mete (to allot). Presumptuous; observe the ptu. Caffeine; also caffeine.

WORD STUDY

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day." Words for this lesson:

Intervention; any interference that may affect the interests of others. "Let us decide our quarrels at home without the intervention of any foreign power."—Sir W. Temple.

Execration; a curse uttered. "The air was filled with execrations."

Hypercritical; overcritical. (Pronounce first syllable high). "His remarks were hypercritical."

Atrocious; savagely brutal; outrageously cruel or wicked. "Revelations . . . so atrocious that nothing in history approaches them."—DeQuincey.

Centenarian; a person a hundred years old. (Pronounce first a as in care; principal accent follows the r).
Finesse; delicate skill; artifice; stratagem. (Pronounce fi-nes, i as in fin, e as in less, accent last syllable). "His speech was a masterpiece of diplomatic finesse."

Silvaire

We are at your Service; at your convenience.

The only requirement asked of a veteran of World War II is a letter of eligibility, which can be obtained at the Veteran's Administration offices located at 365 W. Adams Street, Chicago, Illinois. Your course of instruction will begin without delay upon our receipt of the letter; at no cost to you whatever; either after working hours, on week-ends, or on a full time basis, whichever you desire.

Civilians may either pay for their flying as they receive it, or by advance payment for the entire cost of the course.

To the private airplane owner who desires to work on his ship we offer shower and locker privileges. Hangar or tie-down space at nominal rates still available.

Mount Emblem

Illinois Most Beautiful Cemetery

"WITHOUT THE GATES OF THE CITY"

You are cordially invited to enjoy the beauty and fragrance of thousands of lilacs now in bloom. With thousands of lilac bushes in bloom, and the largest display of flowering shrubs in the vicinity of Chicago, the grounds are particularly beautiful at Lilac Time. Mount Emblem is the site of the Old Dutch Mill, built in 1850. This mill is a rare tribute to the ingenuity, perseverance and craftsmanship of a past age. The grist mill machinery is in place, just as it was many years ago when grinding grain. It is an interesting exhibit.

Enjoy the quiet loveliness of an evening at Mount Emblem during the week. An hour spent in the solace of shadows cast by the setting sun will be long remembered.

Each evening Sacred and Concert music is broadcast across the cemetery from the Old Dutch Mill which serves as a Chime Tower. The gates are open until dusk.

On Grand Ave. at Mt. Prospect Rd., two miles west of La Grange Rd. or Mannheim Rd.
